The quick answer is no, it is not. Roulette isn't rigged online for the same reason that the game isn't rigged in person, the casino doesn't need to rig the game to make their money! Double zero roulette, by far the most common version of the game being played today, has a built-in house advantage of just over 5%.

The rules

The rules of the game are simple; you place your bets on the table using the chips to the lower right of your screen. When you are happy with those bets you set the wheel in motion by pressing the spin button. You don't have time limits with this game, you play at your own pace. The wheel will spin and a ball will be thrown onto the wheel. When the ball stops, that number will become the winning bet. If you have won, all bets will be paid instantly. You will find 37 pockets to this European roulette wheel – a single zero and numbers 1 to 36. The betting table offers usual bets and is simple to navigate. To the top of the table you will find the racetrack of bets allowing for additional chances to win with Serie 5/8, Orphelins, Serie 0/2/3 and Voisins du Zero.

Game differences

The additional betting options and spin features are what makes Roulette Advanced different to other versions. Your table and wheel are set out to take up the whole screen. Chip denominations are; 1.00, 5.00, 25.00 and 100.00. To the lower of the screen offer three options; same bet, quick spin and spin. The same bet button allows you to place the same bets again without having to click and place the chips again. Quick spin is perfect for players who like to play things fast and furious. To the left of the screen is a little box that offers special bets, hot and cold numbers, ball history and a close-up view of the wheel. Special bets offered are; red splits, black splits, Orphelin Plein, Finale Plein 0, Finale Plein 1 and Finale Plein 2.

Limited edge

The house edge with Roulette Advanced is 2.70%. Betting limits are 1.00 minimum and 500.00 max but when you come to place straight up bets (a single number) it will be capped at 10.00.

Required strategy

Study the statistics and hot and cold numbers to aid you in your predictions. Straight up bets of 35 to 1 are capped at 10.00 – so if you are looking to make big cash fast – you won't be able to do so here.

Devices

To access all of the fun features that Roulette Advanced has to offer, you will have to do so via a desktop device.

Our verdict

We love Roulette Advanced from NetEnt

because it allows you to play at your own pace and the additional betting options offered make things more interesting. The table limits are capped at 500.00 – which is quite small in comparison to other roulette games, but that takes nothing away from the design and ease of playing.
