# No se consideró una amenaza significativa la extrema derecha antes de los disturbios de este verano, según documentos policiales

En los meses previos a los disturbios de este verano, los líderes de la policía creían que la amenaza de violencia de las protestas de extrema derecha era probablemente "mínima", revelan documentos oficiales.

Los documentos de diciembre de 2024 muestran que la policía en cambio priorizó el movimiento a favor de Palestina, las protestas ambientales, los partidos de fútbol y el activismo por los derechos de los animales como posibles amenazas para el orden público.

La policía niega que sus documentos internos muestren que subestimaron la amenaza de la extrema derecha antes de los peores disturbios en más de una década de este verano, pero los expertos discrepan.

El pensamiento privado de los funcionarios superiores se revela en la evaluación estratégica del riesgo de orden público nacional-seguridad pública de diciembre de 2024, producida por un equipo en el Consejo de Jefes de Policía Nacional (NPCC). El documento fue obtenido bajo las leyes de libertad de información por Liberty Investigates y compartido con el Guardián.

Entre otros asuntos, la evaluación del riesgo abordó las reuniones que podrían desembocar en desorden. El documento dijo de los grupos dispersos que conforman la extrema derecha: "También es probable que se organicen eventos por un pequeño grupo de miembros dedicados, la asistencia será a niveles bajos y la interrupción será mínima."

En un documento de dos años antes, la extrema derecha fue enumerada como una amenaza potencial prioritaria.

La evaluación de diciembre de 2024 se produjo un mes después de la violencia de extrema derecha en Londres durante el fin de semana del Día del Armisticio, en el que fueron arrestadas 90 personas y la policía dijo que el nivel de vitriolo al que se enfrentaron fue excepcional.

También siguió a escenas violentas frente a la vivienda de solicitantes de asilo en Merseyside al principio del año.

Los minutos de una reunión de diciembre de 2024 del grupo de trabajo nacional de la policía sobre el orden público y la seguridad pública muestran a los presentes alertados: "Asegúrese de estar al tanto de esas otras cosas que pueden no estar en el foco ... pero rápidamente aparecen en el radar y nos sorprenden."

Hasta la fecha, han habido 1.280 arrestos y 796 cargos después de los disturbios violentos de este verano, y la policía dice que pueden haber cientos más por venir.

Aquellos acusados incluyen a individuos supuestamente involucrados en un motín en el que se intentó prender fuego a un hotel que alberga a solicitantes de asilo en Rotherham.

La policía se refirió a la extrema derecha en los documentos internos producidos para el NPCC como "nacionalistas culturales".

La evaluación de diciembre de 2024 detectó la explotación de la extrema derecha sobre los temas de los solicitantes de asilo. "La actividad fue en gran medida regional, con el objetivo principal siendo el alojamiento de solicitantes de asilo, tanto el que está actualmente en uso como el que aún está en etapa de planificación," dijo.

"Alojamiento de solicitantes de asilo: Los grupos y activistas nacionalistas culturales están altamente probablemente a perseguir narrativas antiinmigración, con el alojamiento de solicitantes de asilo probablemente seguir siendo su objetivo principal."

La evaluación también dijo que la extrema derecha intentaría explotar las preocupaciones sobre los solicitantes de asilo y los inmigrantes recientes y el crimen.

Los disturbios fueron desencadenados por reclamos falsos de que las muertes de tres niños en Southport en julio fueron cometidas por un inmigrante reciente en el Reino Unido.

después de la promoción del boletín informativo

La evaluación policial dijo: "Las plataformas de redes sociales continúan siendo una herramienta utilizada con frecuencia para anunciar eventos y compartir contenido antiinmigración, como informes de delitos supuestamente cometidos por solicitantes de asilo, dirigidos a desencadenar respuestas emocionales."

La policía creyó que la naturaleza descentralizada de la extrema derecha reducía el riesgo que representaba. "La falta de cohesión y la naturaleza fractiosa de los grupos ... ha disminuido altamente probablemente el impacto de los eventos," dijeron los autores del documento.

Nick Lowles, de Hope Not Hate, que rastrea la extrema derecha, dijo: "La policía ha subestimado la amenaza de la extrema derecha durante muchos años. Aunque ha habido un aumento en el monitoreo y los arrestos de terroristas de extrema derecha, su cobertura de la violencia callejera ha sido totalmente inadecuada.

"Esto en parte se debe a su falta de consideración del odio agresivo antimusulmán como una forma de extremismo, su pobre comprensión sobre la naturaleza posorganizacional de la extrema derecha de hoy y la total ausencia de liderazgo político y la voluntad de enfrentar la extrema derecha en el Ministerio del Interior durante muchos años. Las autoridades necesitan comprender este problema antes de que veamos una repetición de los disturbios recientes."

Una fuente senior con conocimiento cercano de la recopilación de inteligencia policial dijo: "No hubo indicación de que un cambio repentino a la violencia fuera probable. Éramos conscientes de que podría serlo, pero no había nada que sugiriera que sería."

Un portavoz del NPCC dijo: "Las evaluaciones estratégicas de amenazas no buscan clasificar las prioridades o las áreas de amenaza. Están destinadas a pintar un cuadro de lo que la amenaza parece en el orden público nacional para apoyar a las fuerzas policiales. Por lo tanto, ... sería inexacto decir que el nacionalismo cultural fue "rebajado" como un área prioritaria, y que un cambio tuvo algún impacto en el policiamiento operativo."

El NPCC dijo: "Entre 2024 y el otoño de 2024, el panorama de las protestas cambió significativamente, no solo en el área temática del 'nacionalismo cultural' sino también, notablemente, en los temas 'anticompromiso gubernamental', 'inspirado internacionalmente' y 'ambiental' de protesta."

Agregó que "los problemas de inmigración se identificaron como uno de los factores clave que influyen en la actividad de protesta" en la primavera de 2024 y que "la evaluación para el otoño de 2024 está actualmente en curso".
