Blackjack

Blackjack Rules

Object

Blackjack is a betting game played against a dealer. The object is score more points than the dealer without going over 21.

Scoring

Points are totaled for each card in a hand. Face cards (Jack, Queen and King) count as 10 points, Aces may be counted as either one or 11. All other cards are counted according to their numeric value.

When Aces are present in a hand, the total displayed to its right represents the highest score, not over 21, that could be made from those cards.

Game Play

To begin a round, the player places a bet (by hitting the "Deal" button) and both the player and the dealer are dealt two cards. The dealer's first card is dealt face down while all other cards are dealt face up.

If the first two cards in a hand total 21, it's called a "blackjack" or "natural." The player wins with a blackjack unless the dealer also has a blackjack. If the dealer has a blackjack and the player doesn't, the player loses. If both have a blackjack, it is a tie ("push"). In any case, the round is over.

When neither the dealer nor the player have blackjack, the player may take additional cards, one at a time ("hit"), until he or she reaches 21 or goes over ("busts"). The player may stop at any time ("stand"). The player loses if he or she busts.

Otherwise, once the player stands, it is the dealer's turn and the dealer's down card is revealed. The dealer must hit if the point total is less than 17 and continue hitting until reaching 17 or more.

If the dealer busts, the player wins.

If neither the player or dealer busts, the player wins if his or her total is higher than the dealer's. If they tie, it is a push.

Betting

The player starts with R\$1000.00 credit (strictly play money) and may bet any amount between R\$5.00 and R\$100.00 in increments of R\$5.00. The player may change this bet amount between rounds.

If the player wins with a blackjack, his or her bet is paid off at 3 to 2. Otherwise, the player is paid even money for a win. In the event of a push, the player's bet is returned.

Note that a hand of three or more cards totaling 21 is not considered a blackjack. That is, if the player reaches 21 by hitting on a hand it is not an automatic win. If the player does win with such a hand, the bet is paid at even money.

Special Plays

After the initial deal, if neither the player nor dealer has a blackjack, the player has some additional options:

The player may "split" if he or she has a pair (two cards of identical value, this includes any two face cards or a ten and any face card). See Splits below for details.

below for details. The player may "double down," meaning that the player doubles his or her current bet and receives one and only one additional card.

The player may "surrender," forfeiting the round and losing half of his or her original bet.

Buttons are automatically enabled and disabled depending on what actions or options are valid at any point in the game according to the rules.

Insurance

On the initial deal, if the dealer's up card is an Ace, the player is offered "insurance." This is a side bet equal to half of the player's original bet. If the player buys insurance and the dealer has blackjack, the player is paid 2 to 1 on this side bet. If the player buys insurance and the dealer does not have blackjack, the side bet is lost. In either case, the round continues as before with the player's original bet.

When prompted to buy insurance, click "OK" to purchase or "Cancel" to decline.

Splits

When the player is dealt a pair, he or she may split. One card is removed and placed in a new hand with a bet equal to the amount of the player's original bet.

The split hands are then played individually as follows:

An additional card is dealt to the hand.

If Aces are split, only one additional card is given to each hand (see House Rules below). The player may not hit, split or double down afterwards.

below). The player may not hit, split or double down afterwards. Otherwise, after the second card has been dealt the hand may be played as before (hit, stand, double down, etc.) except that the player may not surrender on a split hand.

Pairs (other than Aces) may be resplit but there is a limit to the total number of times the player can split (see House Rules below).

Once the player completes the first split hand (stands, doubles down or busts), the next hand is played and so on until all split hands have been played. Play then moves to the dealer as before.

Note: If the additional card dealt to a split hand makes a total of 21, it is not considered a blackjack. In other words, it will pay at even money if the hand wins.

When the player splits, the hand currently in play will be highlighted.

Once the dealer busts or stands, each split hand is individually compared to the dealer's to determine a win, loss or push for the player. It is possible, for example, to beat the dealer on one hand but lose on the other.

House Rules

Blackjack rules can vary. The rules used in this game are based on typical Las Vegas casino rules:

Inglaterra recibió un impulso antes de su debut en la Eurocopa 2024

Inglaterra recibió un impulso antes de su debut en la Eurocopa 2024 con Bukayo Saka y John Stones participando en el entrenamiento a pleno rendimiento, ya que el equipo aumentó los preparativos para su partido inaugural contra Serbia.

Gareth Southgate, quien está considerando seriamente a Trent Alexander-Arnold como titular en el mediocampo, se alegrará de ver que su equipo realizó una sesión intensa en Ernst Abbe Sportfeld en Jena el martes por la tarde.

Dudas de fitness en Inglaterra

Inglaterra tiene dudas sobre el estado físico de varios jugadores clave antes de su primer partido en el Grupo C el domingo y fue notable que Luke Shaw, quien se recupera de una lesión en el gemelo, no participó en el entrenamiento de contacto. Shaw, el único lateral izquierdo reconocido, apunta al segundo juego de Inglaterra, contra Dinamarca el 20 de junio, para su regreso después de cuatro meses ausente.

A pesar de eso, el ánimo fue positivo ya que todos los 26 jugadores de la plantilla participaron en una sesión de entrenamiento abierta para unas 500 niños locales a media hora de su base de torneo en la pequeña ciudad de Blankenhain.

La importancia de Stones en la defensa ha aumentado en la ausencia del lesionado Harry Maguire.

Stones y Saka entrenan con el equipo

La mayor estimulación provino de ver a Stones, quien fue tratado de una lesión en el tobillo contra Islandia la semana pasada, y a Saka, quien se recupera de una lesión en la ingle, en el césped. La importancia de Stones en la defensa ha aumentado por la ausencia de Harry Maguire con una lesión en el gemelo y Saka es seguro que comenzará en la banda derecha si está completamente apto.

Southgate ha tenido que preocuparse demasiado por el estado de salud de muchos jugadores y

Harry Kane, Lewis Dunk, Marc Guéhi, Kieran Trippier y Anthony Gordon también se han estado recuperando de lesiones. Inglaterra recibió ánimo de que todos participaran en una sesión que comenzó con una rutina de dos contra dos altamente competitiva.

No hubo holding back from Saka y fue alentador para Southgate ver a Shaw trabajando con el balón. Sin embargo, Inglaterra tuvo cuidado de no sobrecargar al defensa del Manchester United. Fue el único jugador que usaba un chaleco verde durante un juego de gran tamaño al final de la tarde. Parecía que los compañeros de equipo de Shaw tenían instrucciones de no tacklearlo.
