Days turn into weeks. Weeks turn into month's. I make my way to my desk at the office and open my laptop. I want to check the stats, analyze the game, break down the data. I want to know every detail about them, their team, their formation, their losses, their wins. I know them like the back of my hand. This is the X Factor my friends! The thrill of the bet! The excitement of the risky gamble. However, the pressure is on this time around. This wager for the latest big game, for it will either make or break my streak, is still hours from kick-off. The excitement of victory was palpable to the last pulse pounding second! This will determine if my whole month has been successful. A victory over the Red Devils. If I may so humbly boast, this is the closest spread at 11/4 that has occurred all tournament. They are at home, feeling good with optimism in their hearts also for a victorious outcome. According to the results of my study, I am predicting a win in over 2.5 goals in tonight's

highly anticipated PSG Vs Manchester United Champions League match. As the clock finally changes to count down, ticking further down the last few seconds before halftime; the suspense has my heart thumping as I hold my breath predicting overturn. I could make a long story short about how relieved I was to be rid of most of the losses from that jinxed wager, only to replace it high above and make four figure profits in clean earnings on that very wager I made - a formidable future for both teams!

I knew deep in my heart, it still had the potential to wipe me out! Karmic retribution? It always pays to not rely on luck and hunches for predicting results, I understand. The relief surpasses all explanation. When I notice my friend, Alex, looking at me, I realize I have unmasked genuine worry for a split second there. Not too long! Don't you, of Occam, ever get the feeling I'm keeping secrets in life from you? Slowly I turn. My palms begin relentlessly twirling my long strands of hair. I repeat to keep contact. Such an easy game. Sooner than expected, halftime comes, and against the usual forms, good old Ole has employed an unsuccessful attacking press against Die Werkself! So I start betting uninterrupted! Not only did Alex give me no information about that time when United took down Juve, he was also oblivious to the fact that Mbappe and Neymar completely switched places during training yesterday afternoon - we're deep faking here! Even after he paid Salah who practically "crippled" them in previous season, a secret unknown to any bookie has been cracked in this supercomputer developed. I took myself the liberty of going against the two game parallel: Under 2.5 Goals Both team to score as much as we can logically claim? Scrape scReL accAin't your bAby no mo! Not on my watch when they were 500/1 available odds against win to nil or so of five days ago! Even as insurance go, those poor saps did it to themselves.

Five intense minutes, man! Why wait! Let's explore their performance in last 5 matches: Manchester drew with Bournemouth, Barcelona 2 – 1 against Almeria, Leicester City saw off Tottenham, drew against middle Table Southampton to continue streak, before losing to the Gunner, so I am counting on same old Bayern Munchen, Barcelona, Internazionale win to nil for our treasure winners - RB Leipzig and Manchester United once more win to nil, they should suffice under Flick and their new manager regime, over the round trip to the alps! Meanwhile on the flip side, money started pouring onto Manchester City, who now come as close second favorites and on level terms to Barcelona at 3.75 when this opportunity first surfaced which I immediately took up. Bayern drawing with those pesky Alphonso Davies side sees Juve shorten massively, no point splitting hairs. For two, maybe three league wins coming up, it only points to Man City and an x2 victory may become plausible, over two or more 1.10 shots for the two games. More plausible, because we have all worked our tails off to afford crazy good xG figures hanging around their necks like an anchor onto a rival's neck for the next day's fixtures. Some say taking crazy risks reaps rewards worth millions, but there's millions of United fans across the world just like, taking the x2 hoping for a one hit wonder score. Not you as well huh? They'd expect such fixtures. There is only straight to work on Wednesdays!
