Dear XXX,

Thank you for your e-mail.

We would like to confirm you that what you received

following your withdrawal request from June 29th (transaction YYY) was indeed due to the currency conversion charges that occurred between USD and EUR. We would also like to inform you that as mentioned on the website, there are indeed no fees associated with Skrill when you use that payment method to withdraw your gains.

In order for you to be

able to register your USD Skrill account on our website, we will have to delete the details of your current EUR Skrill account. In order to further investigate the possibility of doing so, we would kindly ask you to provide us with the following information:

- The last four digits of the account you wish to delete:

- The e-mail

address registered in the e-wallet account:

- Why you no longer wish to use this e-wallet account for withdrawals:

We thank you for your understanding.

Please do not

hesitate to contact us if you have any further queries.

Kind regards,

Your bwin
customer service team

Dear XXX,

Thank you for your e-mail.

As previously communicated,
your Skrill account in EUR was successfully deleted on July 18th and you may now use
your Skrill account in USD, which should not lead to any conversion fees
anymore.

However, in order to avoid any further possible conversion fee issues, we
would advise you to first try a small amount withdrawal and come back to us if you
notice any problem.

We thank you for your understanding.

Please do not hesitate to
contact us if you have any further queries.

Kind regards,

Your bwin customer service

Dear XXX,

Thank you for your e-mail.

We would like to
confirm that on the 18.07.2014 we have deleted your former Skrill account in
EUR.

Therefore, the double conversion issue affecting your R\$100 transaction from the
7th of July should not happen anymore, as the only Skrill account registered is your
USD Skrill account. From now on, all withdrawals will be processed from USD to USD as
intended.

In order to be sure that no further issue occurs we kindly recommend you to
perform another small amount withdrawal.

Please come back us in case you notice any
further conversion issue.

We thank you for your understanding and apologize for any
convenience this issue may have caused you.

Please do not hesitate to contact us if you
have any further queries.

Dear XXX,

Thank you for your e-mail.

Due to a mistake from our Payments
department, the two R\$100 withdrawals you made respectively on July 7th and July 24th
(under the references YYY and ZZZ) were processed in EUR instead of USD, which is why
the amount that you received for both transactions was less than the initial amount
requested.

In order to rectify that error, we have added 12 EUR to your bwin account,
which is the total amount that should have also been credited to your Skrill account
when you made those two withdrawal requests.

Thus, we kindly inform you that you should
now be able to proceed with new withdrawals without experiencing any more conversion
issues, as this has now been corrected by the relevant department.

We are sorry for the

inconvenience caused and we thank you for your understanding.

Please do not hesitate to contact us if you have any further queries.

Kind regards,

Your bwin customer service team

Dear Mr. Moens,

Thank you for your e-mail.

We confirm that

it is now safe for you to withdraw a bigger amount to your Skrill USD account, as what happened with your two last withdrawal requests was the result of a human mistake which was acknowledged and dealt with in order to prevent this issue from happening again.

We

are sorry for the inconvenience caused and we thank you for your understanding.

Please

do not hesitate to contact us if you have any further queries.

Dear XXX,

We are sorry to inform you that

a technical issue is still preventing your withdrawals in USD. Our system has identified that you only performed deposits in EUR and therefore blocks every withdrawal requested in another currency, which is the reason why your request of 10.000 USD has been returned onto your bwin account this day.

Thus, we kindly ask you

to make a deposit with your USD Skrill account so that our system can allow you to make withdrawals with that same account. You may choose the minimum amount possible for that deposit, as it is only required for technical reasons.

Once you have made that deposit,

we kindly ask you to make a new withdrawal with that same account, which should then be successful.

We truly apologise for the inconvenience caused and we thank you for your understanding.

Please do not hesitate to contact us if you have any further queries.

Kind regards,

Your bwin customer service team

Hello,

I

had already used my Skrill USD to deposit in the past (July 7th) but I have made another deposit right now:

Account Name: -

Deposit Option: SKRILL

Amount: EUR

50.00

Date/Time Transaction: 07-AUG-14 23:23 CET

Transaction ID: -

Status: CREDITED

In

the bwin lobby I only have the option to deposit in 'EUR' (even though it is coming from my Skrill USD account), so it looks like even deposits are doing a USD -> EUR -> USD conversion.

I'm looking forward to your feedback on what should be the next steps.

Kind regards,

XXX

Hello,

This isn't

correct. I have a Skrill account in euros that I have used in the past (XYZ) but the Skrill account I used for this cashout (ABC) is in USD. Please fix this, I have been trying to cashout in USD for over a month now.

Kind regards,

Bart

I have a sizable

chunk of money on bwin.be (the Belgian skin of partypoker), in USD. My account has been funded with my Skrill account in EUR, but if I would cash out to that account I'd lose ~2k USD in conversion fees. I also have a Skrill account in USD, that I have been able to use for additional deposits (without any issues), and for which I wouldn't have to pay conversion fees on my cashouts. I have been trying to cash out to this USD account since the beginning of July, but with every attempt there was some kind of problem (they charge double conversion fees because of an 'error in their system' or a 'human error', they think my Skrill USD account is in EUR, ...). Their latest info was that my cashout in USD was cancelled because 'my moneybookers is in EUR' (even though I cashed out to my Skrill USD account). I replied that that statement was incorrect on August 13th and I have yet to receive a reply. I sent 3 reminders (last one earlier today) and PM'd the party_rep on this forum but have yet to receive a reply, and have no idea how

I can make a successful cashout at the moment. The details (mostly a bunch of e-mails and some info regarding cashouts) are kinda boring but I'll provide them for completeness sake. I bolded some relevant stuff in their e-mails. successful cashout to my Skrill account in EUR (but with conversion charges) successful deposit with my Skrill USD account withdrawal to my Skrill USD account for which I had to pay 2x conversion fees (USD -> EUR on bwin and then EUR -> USD on Skrill) mail from support explaining how to deactivate my Skrill EUR account and activate my Skrill USD account (even though the deposit and withdrawal from July 7th didn't require 'registration' although maybe the fact that the account hadn't been registered yet could have caused the double conversion fees) I gave them the required info and they confirmed I could now use my Skrill USD account: I referred to my cashout from July 7th for which I had to pay the double conversion fees, to which they replied: I do what they ask and try another small cashout. This one again leads to double conversion fees. When I ask them what's wrong, this is their reply: They confirm everything is OK now and I can try cashing out a bigger amount: Unfortunately this cashout didn't materialize: So apparently the earlier deposit from my Skrill USD account (July 7th) wasn't registered or something. My reply: I receive another mail saying that everything should be OK now: I try to cashout to my Skrill USD again and receive the following mail on August 13th: So even though I cashed out to my Skrill USD account, they somehow think it's a EUR account. I explain them this on August 13th: I have not received a reply to this mail yet, at the moment have no idea how I should do a cashout, and have gone from 'slightly irritated' about this whole process to 'very tilted' and somewhat worried they won't let me cash out my money.
