I love god so so much ,

So first I would like to say, it's a great app for people you do not have computers. It's really easy to play, and get the hang of; and overall really fun. Though, the maps are the same maps over and over. Now, there still fun, but I would like some new maps maybe. Because, they pop up on the choosing thing, but the other ones never get picked. I know the developers are PROBABLY (not verified) working on new maps or something. But if there not out yet, why put them on the choosing thing. I would also like to mention how it seems like some of the players are not really players and there AI (Artificial Intelligence) or bots, computers, whatever you call it. I like playing with real players, not some computer. Now the game is still fun, but it's just more fun when I know I'm playing with real people. But it's mostly in the first round the bots are in, then they just get out because they were too slow. I also have a suggestion, maybe you could add more pro servers, practice servers, and "noob" servers for the newer players. But maybe if they have more than 5 wins they can't access the "noob" servers. Just a suggestion I made up in the spot. Anyway, this game is overall very good, and that's why I gave it 5 stars. Every game has some stuff that needs fixing, and that doesn't mean I will take a star away (Unless it's like, really, really, really bad) anyway, thank you for whoever read this.
