The Betano System is a type of accumulator bet that allows you to combine multiple selections into one bet. But what exactly is it? Simply put, it's a way to choose several events, and the more events you add, the more possibilities you have to win. Sounds interesting, right?

But before we get into the details, let's clarify some terms. What is an accumulator bet, you ask? An accumulator bet is a type of bet that combines two or more selections into one, and all of the selections must be correct for the bet to win.

Now, let's see how the Betano System works. Imagine you want to bet on three events:

Event 1: Soccer match between Team A and Team B
