What are 2 Player Games?

2 Player games support a maximum

of 2 players. You can play these games with your friend by sharing the same keyboard.

Sometimes both of you have to cooperate to pass challenging levels, while at times, you
can become each others' rivals.

Cool 2-player games to play with your friends

2-player

games are fun games designed for two people to share the keyboard and play together. So

pull up an extra desk chair, because here at Kizi you'll find all of the most popular

two player titles like the Fireboy and Watergirl series, the Money Movers adventures,

and many more! In each of these games, the players each control one of two characters

using the arrows and WASD keys. Each character has unique abilities that complement the
skillset of the other. Choose your character and work together to clear all of the

obstacles. You'll have to communicate with your partner to solve each challenging

puzzle level, because you won't make it without good teamwork. It's not enough for just

one character to reach the door to the next level, you both have to make it there. If

one character dies along the way, both players will have to start the level over!

Work

together to win these free online 2-player games

Whether you're helping the two

adventurers escape from a space prison, navigating a dangerous temple full of deadly

traps, or trying to reunite two lovers, communication is key! Each level of these

2-player games is littered with levers, buttons, elevators, hatches, trapdoors, and

dangerous enemies. Help each other along by activating the right doors and machines by

finding the matching buttons and levers. Sometimes only one of the two characters will

be small enough to crawl through a narrow passage or big enough to lift a heavy

roadblock. Figure out how to clear a path for your partner. At other times, you'll need to give each other a boost to reach a particular platform, and fetch a crate or ladder for your teammate to use. Combine the strengths and weaknesses of both characters in order to complete each level without dying!
