Bet do Vinícius Junior, também conhecido simplesmente como Bet, é um talentoso jogador de futebol brasileiro que atua como ponta-esquerda. Nascido em 12 de julho de 2000, em São Gonçalo, no Rio de Janeiro, Vinícius Junior começou a chamar atenção do mundo do futebol ainda na categoria de base do Flamengo, clube no qual se profissionalizou em 2024.

Seu apelido, Bet, surgiu durante sua infância, quando Vinícius Junior era apaixonado por apostas esportivas, especialmente as relacionadas a partidas de futebol. Assim, seus amigos começaram a chamá-lo de "Bet", diminutivo de "aposta", em inglês, e o apelido acabou acompanhando-o em sua trajetória futebolística.

Além de deslumbrar no campo por sua velocidade, habilidade técnica e capacidade de driblar adversários, Vinícius Junior é reconhecido por seu comprometimento e determinação em quadra, características que o levaram a ser contratado pelo Real Madrid em 2024, por uma taxa recorde de 46 milhões de euros, tornando-se assim o jogador brasileiro mais jovem a assinar com o clube espanhol.

Short-Deck Poker: How to Play 6+ Hold'em (Official Rules)

What is Short Deck

Poker?

Short-deck poker (also known as six-plus hold'em) is a new variation of traditional Texas hold'em that mostly follows the same rules albeit with a significant difference.

Short-deck poker uses a smaller 36-card deck rather than the full 52-card deck.

Most first heard of short-deck poker after it was introduced among the mix in the high-stakes cash games in Macau.

Here we go over the poker rules for Short Deck

Poker.

How to Play Poker for Beginners Check out the rules and basic strategy to all the popular poker formats [Click Here](#)

Short-Deck Poker Rules

Before we discover how to

play short-deck poker, let's see how to get to the 36-card deck needed to play a game of 6+ hold'em.

The 36-card deck in use in poker short deck is created by removing the 2s, 3s, 4s, and 5s from the deck (16 cards).

That leaves the 6s up through the Ks

as well as the As.

What about the Aces?

As in regular hold'em, in short-deck poker the aces still count as high or low when making straights.

The lowest possible straight in

a game of short-deck poker is Ax9x8x7x6x (think of the ace as essentially replacing the missing 5x).

Poker short-deck is played similarly to regular hold'em.

Each player

receive two hole cards and use them in combination with five community cards to create the best possible hand.

A game of short-deck poker features four streets of betting:

Pre-flop Flop Turn River

However, there are some differences in the poker

short-deck poker that you should know about before playing.

Short-Deck Poker Hand

Rankings

Short-deck poker can be played according to the exact same rules as regular Texas Hold'em.

The betting can be fixed-limit or no-limit (although most often the game is played no-limit), and the same hand rankings can be used as follows:

Hand Ranking

Hand Name Poker Hand Lowest High card Kx6x9x8xQx One pair KK5x8xQx Two pair

KK66Qx Three-of-a-kind KKK6Qx Straight A6789 Flush KJ1069x Full house

KKK66 Four-of-a-kind KKKK6x Straight flush A6789 Highest Royal flush

10JQKA

For more info about the hand rankings in poker and which hand wins, visit our guide to poker hands.

Alternative Short-Deck Hand Rankings

Short-deck poker is

played often employing a different hand ranking system. Here are the alternate hand rankings for short-deck poker (note the differences in bold):

Hand Ranking Hand Name

Poker Hand Lowest High card Kx6x9x8xQx One pair KK5x8xQx Two pair KK66Qx Straight

A6789 Three of a kind KKK6Qx Full house KKK66 Flush KJ1069x Four of a

kind KKKK6x Straight flush A6789 Highest Royal flush 10JQKA

As you can

see, following these alternate poker short deck hand rankings a three-of-a-kind beats a straight (instead of vice-versa), and a flush beats a full house (instead of vice-versa).

Why a Different Hand Rankings?

These changes were introduced the because

the removal of cards from the standard deck alter the probabilities of making certain hands.

For example, with only nine suited cards (instead of 13), a flush is harder to make in shord-deck poker than in regular hold'em.

Six-Plus Hold'em Variation — The Deal (Fifth Street)

One other popular variation often introduced in six-plus hold'em has to do with the way the river is dealt.

The game can be played according to the same

procedure followed in regular hold'em, with the community cards coming in the same way — flop (three cards), turn (one card), and river (one card) — and betting rounds after each street.

More often, though, instead of a river card being dealt to complete a five-card board, players are each dealt a third hole card instead.

Players then make

their five-card poker hands by using exactly two of their three hole cards and three of the four community cards.

The building of hands resembles the procedure followed in

Omaha poker where players must use two of their four hole cards plus three board cards to make a five-card poker hand.

Short-Deck Poker Basic Strategy

As you might imagine,

the removal of low cards and use of the 36-card deck makes it more likely to make higher value hands, a change that tends to introduce more action.

You should adjust

your thinking about relative hand values from what they are used to in regular hold'em.

The smaller deck makes it easier to make two-pair hands, which means a hand like top pair-top kicker is no longer as strong in six-plus hold'em as it is in regular hold'em.

Straights and full houses are also easier to make in six-plus hold'em than in the regular version of the game (a reason for the alternate hand rankings).

The odds of

hitting certain draws change, too, in short-deck poker.

Just to highlight one example,

filling an open-ended straight draw becomes more likely in poker short-deck.

While

you're still looking for the same eight outs there are fewer total cards in the deck, thus increasing the percentage you'll make your straight.

The smaller deck also affects

the likelihood of being dealt certain hands. []You're more than twice as likely to get pocket aces in short-deck poker than you are in regular hold'em!

Finally, players

being dealt a third hole card instead of there being a fifth community card obviously affects hand values as well, making it even more likely that players improve their hands — yet another factor that has to be taken into account when calculating odds and considering your final-round betting strategy.

Conclusion

Short-deck poker / 6+ hold'em

introduces several exciting twists to traditional Texas hold'em, creating an action-filled alternative that many players are finding especially enjoyable to play.

The changes from regular hold'em aren't terribly complicated, making it easy to new players to learn and play right away.

Short-Deck Poker FAQ

How do you play

Short-Deck Poker? A game of short-deck poker follows the same rules and gameplay as Texas hold'em poker. The players receive two hole cards and they need to combine them with five community cards to create the best possible five-card hand. Short-deck poker, however: Uses a 36-card deck rather than the full 52-card deck

Ranks the hands

differently compared to Texas hold'em All the details to know before playing a game of short-deck poker are in this article. Why is short-deck poker so popular? The game of short-deck poker, or six-plus hold'em became famous at the high-stakes games in Macau. Due to the smaller deck, the game makes it more probably for players to hit high-value

combinations. Where is short-deck poker played? You can play short-deck poker live at most poker festivals. If you are looking for games of short-deck poker online, check out the pokes sites listed on this page. What's the best short-deck poker strategy? The removal of some low-value cards from the deck changes the game's basic strategy and the value of different poker hands. Escasez de agua en Bogotá, Colombia

La capital de Colombia, Bogotá, está experimentando una grave escasez de agua que obligó a la ciudad a racionar el agua potable. El viernes, en el restaurante Soler de Bogotá, no fluía nada a través de las tuberías. Soler pudo prepararse para este cambio comprando agua embotellada para cocinar y almacenando agua del grifo para lavar los platos.

Los bajos niveles históricos en los depósitos de agua se deben a la combinación de altas temperaturas y escasez de lluvias provocadas por el fenómeno climático El Niño.

Medidas de ahorro de agua

El racionamiento comenzó el jueves y afectará a los barrios en períodos de 24 horas tres veces al mes. Las autoridades locales revisarán la medida cada 15 días para decidir si debe eliminarse, mantenerse o aumentarse.

A los residentes de Bogotá no se les ha recortado el agua desde 1997, cuando una avería

técnica en el sistema obligó a las autoridades a restringir el servicio de agua. La última escasez de agua causada por una sequía tuvo lugar en 1984.

Las autoridades han recomendado a las personas almacenar solo la cantidad de agua necesaria, no lavar coches y adoptar medidas de ahorro de agua en el hogar, incluso cuando se bañen.

"Dúchense con su pareja", dijo el alcalde de Bogotá, Carlos Fernando Galán. "Es un ejercicio pedagógico para ahorrar agua."

Efectos en los negocios

A consecuencia de la recomendación de no lavar coches con frecuencia, los negocios que ofrecen este servicio podrían verse perjudicados.

"Hay menos clientes. Imagino que es porque la gente piensa que estamos cerrados, pero también es una buena idea cuidar el agua", dijo John Guerrero, propietario de un lavadero de coches.

Bogotá consume un promedio de 18 metros cúbicos de agua por segundo, y con el sistema de racionamiento, las autoridades esperan reducir 2 metros cúbicos por segundo. Las autoridades esperan que los depósitos alcancen más del 70% para finales de año.
