o que significa x2 nas apostas ; - IBRATH

Como funciona o empate anula aposta? Mas o que significa empate anula aposta? A resposta simples: se o jogo terminar empatado, a aposta anulada e o valor apostado devolvido ao .

Funciona assim: imagine que você apostou games vbet am games vbet am uma partida de futebol entre duas equipes, A e B.

Empate Anula Aposta: Guia para apostas | Goal Brasil

A aposta de chance dupla na Betano uma maneira de aumentar suas chances de ganhar uma aposta, eliminando o resultado menos provável. Existem três combinações possíveis de apostas: vitória do mandante e empate (1x), vitória do visitante e empate (2x) e vitória do mandante e vitória do visitante (X12).

Chance Dupla Betano: O Que é Como Funciona? - Brasil 247

Guts is a comparing card game, or family of card games, related to poker. Guts is a gambling game involving a series of deals of 2, 3, or 4 cards. Hands are ranked similarly to hands in poker. The betting during each deal is simple : all players decide whether they are "in" or "out", [1] and announce this at the same time. Each deal has its own showdown, after which the losers match or increase the pot, which grows rapidly. A round of the game ends when only one person stays in and wins the pot.

Basic

rules [ edit ]

In "Two-Card Guts", each player is dealt down, two hole-cards, at the beginning of a new deal. Two Card Poker rankings apply; Pairs are ranked over high cards; however there are no 'straights' or 'flushes' in two card guts (or two card poker).

One variation of 2-card guts, ranks 23 (of any suits) as the highest ranking hand, trumping AA (pocket aces). Even though getting dealt 23 is more probable than AA (16 possible combinations of 23 compared to only 6 combinations of AA, or 1.2% vs 0.45% respectively), rather, it's the role reversal of the worst hand in heads-up, two-card poker. The name for the 23 hand, in this variation, is called the "Royal Crumpler", among other names.

All players have a chance to say 'in' or 'out' at the same time by holding out one or two fingers, or holding a chip or nothing in their hands; those who are 'in' have a showdown.

Each round starts with an ante. The players then play a series of deals; after each one, the winner takes the existing pot and the losers match

it, so that the pot or some multiple of it carries over to the next deal.

For example,

if the pot is R\$5 and three people stay in, then one player will receive the R\$5 pot and two players will be forced to add R\$5 each to the next pot, escalating the size of the pot for the next deal. Then the hand is re-dealt, and all players (even those who were "out" in the last round) can participate again. The round ends when only a single player has the guts to stay "in", and thus the pot is taken without replenishment.

Declaring "in" or "out" is similar to declaring high or low in high-low games. Each player takes a chip, places their hands under the table, and either places the chip in one fist or not. Each player then holds their closed fist above the table, and the players simultaneously open their hands to reveal their decision (a chip represents "in", an empty hand represents "out").

Rapid pot growth [ edit ]

One of the

characteristics of guts is that the pot grows quickly. As it can double or more each round, pots of 50 or 100 times the original ante are possible.

There are many

variations. Sometimes only the single player with the worst hand (who stayed in) must add to the pot, but they must double the pot rather than match it. In one variation, nobody wins the pot unless nobody else stays in.

One solution to the exponentially

growing pots is to cap them at 50x or 100x the ante. That is, if there are 5 players with an ante of R\$1, the pot started at R\$5. If there were 3 doublings, the pot is now at R\$40. Suppose the "cap the pot at R\$50" rule were in force. Then, if another doubling occurred, each loser would pay R\$40, but the pot would now be at R\$50 and the extra R\$30 would be set aside as the ante once there's a hand with a winner and no loser.

Common

variants [ edit ]

straights and flushes In some variants, straights and flushes count

for two-card guts (making them higher than other no-pair hands). In others, straights and flushes do not count for three-card guts.

high three of a kind Some variations for

three-card guts rank three of a kind above a straight flush, but the latter occurs less frequently.

partial hands Each player receives all but one card face down, and if they are in, they receive their last card face up.

dummy hands Many variants include a dummy

hand that must be beaten if only one person stays in. In some variants, rather than a dummy hand, you must have a pair or better. In others, the dummy hand always plays against the other hands, and may be called "Granny", "The Kitty", "Herb", or "The Pot".

The Batey one community card is flipped over from the top of the deck after all hands have been dealt which each player uses in making their hand. Named after its inventor, Justin Batey

dealer option In variants where players do not declare all at

the same time, the dealer declares last; if no other player has stayed in, the other players sometimes have another chance to declare and challenge the dealer. With this variation, there is generally no dummy hand.

chicken fee If no one stays in for a hand

(more common in variants where there is a dummy hand to beat), everyone has to pay another ante on the next deal.

Henry Rule Similar to the chicken fee. If no one stays

in, the player with the hand that would have won must match the pot.

One low "in" and

wild In this three card game, everyone is dealt one card face up. The player with the lowest card face up is automatically in, but that number is wild.

Two low "in" and wild

In this three card game, everyone at one point is dealt a card face up. The people with the two lowest cards are automatically in but these card numbers are also wild. (If more than one person has the same number card, then more than two people can be in.)

Hi-Lo

When deciding to stay in, each player also indicates high or low, usually by having a high-valued chip in hand for high, low-valued for low, or none for folding. If multiple players stay in, the best hand among those indicating high gets half the pot and the others have to match the pot. Similarly for low. Usually played with a dummy hand which has to be beaten in the appropriate direction to take the pot. If no dummy hand is played, a single player choosing high can take half of the pot uncontested even if other (low) players are in the game. Some games also allow "Hi-Lo" option, usually indicated by both a high-valued chip and a low-valued chip in hand at the reveal. The player going "Hi-Lo" competes amongst both the high players and the low-players, and is usually only a good idea with hands such as ace-deuce.

No Peek A pure gambling game,

each player gets two (or three) cards, but cannot look at them before deciding to stay in.

Winner Takes All The winner of a round gets the pot and all the money matched by losers. This variant is usually played with a dummy hand and a chicken fee. The pot will only grow if there is a chicken fee and no players stay in, or if there is a dummy hand and the sole remaining player loses to it.

School Bus In this variant, the highest

possible combination of the two-card hand is the 6 and 9, for obvious reasons. Any player who loses against this hand must then double the pot in the next round.

Nuts [

edit ]

There is a variant of Guts called Nuts. Each player is required to place a certain amount of money in the pot. For example, the bet starts with one dollar. With five players, there would be five dollars in the pot. Each player is dealt two cards, and the lowest cards win (Pairs are strong). If a player is "in" and no other players are, the player gets a "nut." If two players go in, then neither gets a nut. These two players have to compete their cards against each other. The lower cards win, and the loser has to pay the winner money equivalent to the pot, in this case five dollars.

When the third card is dealt, the best cards are the highest cards. Here the process of in and out is repeated. With the fourth card, the low cards are the best. Then with the fifth and last card, the higher the better. When a player gets three nuts, he or she will get the pot. If three nuts are not awarded within the first round, a second round is needed. With the second round, each player adds a dollar to the pot, so the pot doubles. This continues until someone gets three nuts, and thus the pot.

Similar games [ edit ]

There are a few other games which share the geometric pot growth and in/out betting of guts.

Toh [ edit ]

Toh is a high-card game in which

players act in order to decide whether they are in or out, as in guts. There is a balance between the number of players and the number of points/cards needed to win;

this number of points is announced before the game begins. The game is designed for 4 to 10 people. 4 players might play to 5 points, 8 or more players to only 3 points.

The

rules of the game are as follows: the pot is seeded with a penny. Each hand, every player is dealt one card face down. The deal rotates. After each deal, discards are kept in a separate discard pile; as long as there are enough cards in the remaining deck to deal the next hand, there is no reshuffling. (In a friendly game, the last hand before a reshuffle may be announced as such.) Each player in turn announces whether they are in or out. If only the dealer stays in, players have a second chance to stay in as well.

At the showdown, the losers match the pot, and the winner keeps the high card face up next to her. High card wins; card value increases by suit, club-diamond-heart-spade. The first player to reach the declared number of points wins the game, and takes the pot.

### Sha'Carri Richardson: da ouro olímpico de 100m é agora o grande objetivo

Sha'Carri Richardson se descreve como uma Bentley no documentário da Netflix, *Sprint*: rápida,

cara e luxuosa. Mas, na verdade, ela é mais como um Lamborghini - ruidosa, impetuosa e propensa a perder o controle a qualquer momento. Após um rápido crescimento e queda na história esportiva dos EUA, Richardson está de volta e mais preparada do que nunca para games vbet am estreia olímpica nos 100m.

## Um caminho sinuoso para Paris

Richardson é uma das atletas mais reconhecidas do mundo, mas ela tem mantido um perfil mais baixo do que nunca. Ela ainda tem games vbet am tatuagem corporal e unhas coloridas, uma reminiscência da lendária velocista Florence Griffith Joyner, mas ela substituiu as perucas coloridas por estilos mais naturais. Ao mesmo tempo, ela continua sendo uma presença proeminente nas promoções da NBC nos EUA e games vbet am propagandas da Olay e Oikos. Há três anos, Richardson teve uma das subidas e quedas mais rápidas e dramáticas na história do esporte americano. Pouco depois de vencer os 100m nos trials olímpicos dos EUA, ela testou positivo para THC, o principal ingrediente do cannabis. Isso a levou a ser suspensa por um mês e perder games vbet am chance de participar dos Jogos Olímpicos de Tóquio.

Richardson disse que ela havia usado a droga para lidar com o estresse de se qualificar para os Jogos Olímpicos enquanto chorava a morte de games vbet am mãe biológica. Ela também disse que games vbet am família é um assunto delicado para ela. Ela nunca reivindicou relações com games vbet am mãe ou pai. Em *Sprint*, games vbet am tia Shayaria é creditada como "mãe de Sha'Carri". Após games vbet am vitória nas eliminatórias dos 100m nos EUA games vbet am 2024, Richardson correu games vbet am direção à games vbet am avó Betty Harp, a quem atribui o crédito por "fazer de mim a pessoa que sou."

Em uma tentativa de controlar os danos após os *trials*, Richardson apareceu no *Today Show* da NBC e mostrou como seus assessores de imprensa estavam mal equipados para o emprego. Eles não conseguiram mudar a bateria de um alarme de fumaça chilreante games vbet am games vbet am casa, nem a gravá-la adequadamente para a entrevista remota, deixando-a parecendo tão dura quanto o resto de nós games vbet am chamadas de Zoom. Eles também a deixaram games vbet am pé durante toda a entrevista, o que a fez se contorcer com games vbet am postura e cabelo. Isso distraiu os espectadores da dor games vbet am games vbet am voz ao ter que cumprir uma suspensão de um mês à medida que os Jogos se aproximavam.

Sha'Carri Richardson é conhecida por games vbet am moda ousada.

No ano seguinte à entrevista, Richardson tweetou: "Eu desejo que nunca tivesse feito isso."

A compulsão de Richardson games vbet am continuar falando facilitou para os críticos desmontá-la por atuar "ghetto" e brigar com os jornalistas que a cobrem, e para a BR Track and Field deixá-la de fora da equipe para o revezamento 4x100m nos Jogos Olímpicos de Tóquio - mesmo após o fim de games vbet am suspensão. Para fãs afro-americanos familiarizados com os tribunais caprichosos do COI e as visões relacionadas do EUA ao consumo de maconha, Richardson se tornou outro símbolo de injustiça sistêmica - e antes longa Richardson mesma acusou o COI de discriminação racial.

Mas, argumentavelmente, o maior passo falso de Richardson foi provocar a maior fera do atletismo: a equipe jamaicana de atletismo, que acabara de realizar um feito histórico no pódio dos 100m nos Jogos de Tóquio. Quando Richardson finalmente se enfrentou neles no Classic Pré-olímpico da Liga de Diamante games vbet am Eugene, no mesmo local onde ela se classificou para Tóquio, ela só pôde assistir eles passarem por ela games vbet am direção a um último lugar (mesmo assim, ela não parou de falar mal). Seus resultados não melhoraram muito a partir daqui.

Mas, games vbet am 2024, Richardson voltou uma mulher diferente, tomando longas (para ela) férias da mídia social para se dedicar ao treinamento. Ela abriu a temporada com o quarto tempo mais rápido dos 100m femininos (ajudada games vbet am parte por um forte vento de cauda) para vencer o Miramar Invitational. Um mês depois, games vbet am Doha, ela quebrou o recorde

do campeonato no 100m para conquistar games vbet am primeira coroa da Liga de Diamante. Mais tarde naquele verão, nos Campeonatos Mundiais de Atletismo games vbet am Budapeste, Richardson conquistou medalhas de ouro no 100m e no revezamento 4x100m. Nos últimos 18 meses, Richardson tem sido uma das principais executantes consistentes nas pistas; ela adicionou os 200m a seu arsenal e provou que poderia ser tão perigosa games vbet am duas vezes a games vbet am distância usual, apesar de games vbet am tendência a sair devagar dos blocos.

Embora ela tenha quase perdido a chance de se classificar para os Jogos Olímpicos de Paris nos 200m, onde a americana Gabby Thomas é rainha, Richardson venceu facilmente os 100m nos *trials* olímpicos dos EUA neste verão. Mas o que realmente chamou a atenção foi como ela parecia se deslocar da cara de jogo e esmagar seus rivais para desligar e ser gentil e apoiadora deles novamente. Ela tornou-se fácil de torcer novamente, até mesmo para fãs jamaicanos que uma vez se gloriavam games vbet am games vbet am queda hubrista.

Mas parte desse novo respeito pode ser baseado no medo: a campeã olímpica jamaicana dos 100m, Elaine Thompson-Herah, foi arrancada dos Jogos com uma lesão no tendão de Aquiles que o analista da NBC, Ato Boldon, acredita que encerrará games vbet am carreira. Shericka Jackson, que só melhorou desde seu bronze no 100m games vbet am Tóquio, desistiu do 100m games vbet am Paris na quarta-feira para se concentrar nos 200m.

Isso deixa Richardson como a grande favorita para a final deste fim de semana. "Nos últimos três anos, eu ganhei uma melhor compreensão de mim mesma, um respeito mais profundo e apreciação por meu dom no esporte, bem como minha responsabilidade para as pessoas que acreditam games vbet am mim e me apoiam", disse Richardson aos repórteres após garantir games vbet am vaga games vbet am Paris. Há muito a gostar deste novo e aprimorado modelo.
