This will make both the game itself and any financial transactions as simple and comfortable as possible.

And all the gaming functionality of the site will be available to you both on your PC and on your

smartphone.

We are an official sponsor of clubs such as Cruzeiro, Ituano, Avai, Flamengo and many others.

Pixbet for Android and ios Most of our customers use smartphones for betting.

Especially for them, we have provided a full-fledged Pixbet mobile app, which is available on Android and iOS operating systems.

You can download it from the official website and install it on your device in a few minutes.

To do so, follow the instructions.

For Android The Pixbet Android mobile app will offer you all the same gambling features that are available on the official website.

This is more than 10 popular sports for betting, hundreds of events daily, as well as more than 1,000 casino gambling games.

At the same time, the application has faster performance, and its interface is perfectly optimized for small smartphone screens.

To download and install Pixbet on Android, do the following: While in your mobile browser, click on the button to download the Pixbet APK and confirm it;

Open the device settings, go to the Security section, and set the slider to the active position in the "Unknown sources" field;

Wait for the app to download fully.

Until it does, don't interrupt the download, and don't turn off your smartphone;

Open the downloaded file and confirm the software installation.

It will complete within one minute.

After installing the Pixbet mobile app for Android on your smartphone desktop and in the list of programs you will see a shortcut with the bookmaker's logo.

Click on it to launch the software.

After that, log in to your account, or create a new one.

For iOS Owners of iPhone and iPad also have access to a full-fledged mobile version of Pixbet for iOS.

If you compare its gaming and functionality to Android software, you won't see any difference.

The application also provides high speed, comfort on screens of all sizes, as well as the ability to play with one hand thanks to the adaptive interface.

To start betting on the mobile version of Pixbet for iOS, you need to follow a few steps: Open the official Pixbet website in the browser on your smartphone; Complete the registration process if you do not have an account yet; Log in and place your bets, or download the app to your smartphone.

One of the important advantages of Pixbet's mobile version for iOS is its good optimization.

Low system requirements and an adaptive interface with a simple design ensure the stability of the software on most iPhone and iPad models.

Pixbet Mobile Website (web version) If you have problems installing the Pixbet mobile app, you can bet in the web version.

Our official website has an adaptive design that allows each page to instantly adjust to your smartphone screen size.

This allows you to play comfortably on any model of device, regardless of the diagonal of the display.

On the web version is implemented full functionality of the site: Registration and verification; Deposit and withdrawal; Activation wagering bonuses; Casino gambling; Contact support.

You can play the web version of Pixbet directly in your browser.

There is no need to download and install any software.

There are also no minimum system requirements.

Pixbet for PC Users of personal computers on Windows and Mac OS can bet and play casino on the official website.

You will not be able to download the application for PC, but in the browser you will have access to all the gaming features of the bookmaker's office and online casino.

Registration The prerequisite for starting to play on Pixbet is registration.

You must have an account.

Without it, you will not be able to place bets, play in the casino, get bonuses, deposit and withdraw money.

You can create an account on the official website and in the mobile app.

To do this, follow three simple steps: Press the button to register.

Wait until the form appears on the screen.

It will consist of three registration steps; Specify data.

At each step of the form filling it is necessary to enter personal information about yourself in the corresponding fields; Confirm your registration.

To complete your registration on Pixbet you need to click on the corresponding button.

After that the authorization on the website will take place.

Be sure to provide accurate information when registering on Pixbet.

If you use false information, you will not be able to verify your account in the future.

And for unverified accounts it is impossible to withdraw funds.

Bonus The betting site Pixbet will have extra cash payouts waiting for you for successful bets on the exact score.

This promotion is ongoing and there is no need to register for it.

Simply bet on the exact score offerings and you will be awarded extra cash if you are successful.

When your balance reaches 12 BRL, that money will be deposited into your wallet.

And when it exceeds 15 BRL, you will be able to withdraw it.

Login When you create an account, right after you sign up, the first sign-in will happen automatically.

But in the future you will need to log in to your account manually.

Until you do this, you will not be able to place any bets.

To log in to your account, click on the login button on the website, enter your username and password, and confirm login.

Then you will be taken to the main screen.

From here you can go to any section.

Verification Verification at Pixbet is not a mandatory procedure.

Without it you will be able to make deposits, make bets and get bonuses.

But when you try to withdraw funds for the first time, the security service may ask you to verify your identity.

In order to pass full verification on Pixbet you need to meet a few conditions: Fill out your profile and provide a complete list of required personal information; Confirm the phone number and email address that are linked to the account; Send to the support service scans or photos of your passport or other ID.

Information from your documents must be consistent with the data you provided during registration.

Any discrepancies will lead to the impossibility of verification on Pixbet.

Pixbet Video Review To provide you with even more useful information about Pixbet we have recorded a short video.

Take a few minutes to watch it and it will answer many of your questions.

Deposit / Withdrawal You can make deposits and withdrawals through one of the most popular payment systems in Brazil – PIX.

To make a financial transaction, you need to go to the cashier's desk after authorization, open the deposit or withdrawal tab, specify the payment system and fill in the data fields.

Specify the amount and other details.

The minimum deposit is only 2 BRL, and you can withdraw an amount of 10 BRL and more.

The deposit is credited to the balance immediately.

Withdrawal of funds takes no more than 24 hours on average.

Official Website The official website of Pixbet creates the most comfortable and safe environment for betting on sports and playing online casino games.

For this purpose we have implemented several features: Adaptive design, which makes it easy to

place bets on any device;

Data encryption and cryptographic protocols that provide a high level of information security;
Intuitive interface and multi-level navigation that even a complete beginner can understand.
Just a few minutes after your first visit to the official Pixbet website, you will be able to start playing.

Just create an account, make a deposit, and all the gaming features will be available to you.
Pixbet Sportsbook (Sports betting types) We offer more than 10 popular sports for betting.
You can choose the direction in which you are more knowledgeable in order to increase your chances of winning.

The variety of events is the same in both the web version and the mobile app.

Cricket The sport is especially popular in Asia, but it is also loved in Brazil.

That's why we offer customers to bet on cricket on Pixbet.

There is a choice of most popular competitions: RAM Slam T20 Challenge;Big Bash League;T20 World Cup;

Pakistan Super League;Ecs Malta T10.

There is also a wide range of choices for every single match.

We allow you to bet on various outcomes.

In the biggest matches there are several dozens of them.

Tennis Betting on tennis is distinguished from other sports by relatively high odds.

If you know the sport, be sure to try to predict the results of meetings in one of the major tournaments: ATP;WTA;ITF;Challenger.

Choose your favorite, bet on the handicap, number of sets, and many other outcomes.

Baseball Baseball is not only popular in the USA.

If you like the sport, you can bet on different leagues on Pixbet: MLB;JPB.

We are adding all announced matches within these championships to the website.

Table Tennis Table tennis is another popular category for sports betting.

On Pixbet you will have access to all popular competitions: Copa TT;Copa de Ucrânia;TT Serie Elite.

Some matches can be monitored live via the player built into the page.

eSports Cybersport is becoming more and more popular every year and today it is as popular as many classic sports in terms of the number of spectators and fans.

On Pixbet you will find more than 10 popular computer games for betting.

Dota 2 Dota 2 every year sets records for the amount of prize money in tournaments.

Therefore any competition in this game is always quite spectacular and often hard to predict.

But you can test your knowledge and analytical skills.

For this, we offer betting on dozens of tournaments, including: ESL League;Dream League;The International;DPC Season.

You'll find both small and large tournaments, up to and including the annual world championship, The International.

LOL If you play or like to watch professional League of Legends matches, you will be pleased with the variety of tournaments available for betting on Pixbet.

You'll find dozens of competitions here, including: European Circuit;World Championship;LEC Summer;LCK Spring.

Pick your favorite and make watching the tournaments even more interesting.

CS:GO One of the most popular computer games in the world.

Dozens of different tournaments are held on it throughout the year: ESL Swiss League;LVP Unity League;Esports Battle 2x2;

European Development Championship;Ultras League;

Gamers Club Liga Serie A;Eternity League;Dust2.dk;

WePlay Academy League;

ESEA Advanced: Europe;

Polska Liga Esportowa: Dywizja Mistrzowska;MistGames Heroes.

You can bet on these and many other events on Pixbet.

They are available in the web version and mobile app.

Virtual Sports Virtual sports is another popular area of gambling on Pixbet.

In a separate section you will find games from Betradar and Pragmatic Play providers.

These include football, basketball, cricket, horse racing and more.

Start the game, watch the computer simulation of the event and bet on one of the proposed outcomes.

Popular Betting Options at Pixbet All sports events on which you can bet at Pixbet bookmaker's office are divided into several categories.

You can choose the one that suits you best according to your experience or your personal preferences.

Live Betting Bets of this type are made on events that have already started.

The odds in them can change dramatically if something important happens in the match.

In this case, you need to be able to react quickly to such changes.

This will allow you to bet on particularly favorable odds.

But there will be very little time for reflection.

You need to react quickly.

Line (Prematch) A classic option for betting.

In this section you will find future events that are scheduled for the coming hours, days and even weeks.

You will have time to think everything through.

Assess the risks and potential benefits, determine the prospects, analyze the statistics and the results, and only then place your bet.

Types of Bets You can select one of the three types of bets after adding at least one outcome to the betting slip.

You can only do this before you confirm the bet.

Once you have completed a prediction, you will not be able to return to selecting the type of outcome.

Single To make a single bet, you only need to add one outcome to your betting slip.

If the prediction turns out to be correct, you will get a payout. If not, you lose.

Single bets are the least risky, but their odds are also relatively low.

System Bet in multiple parlays.

The amount will be split evenly between them.

With that, you don't need to guess all the outcomes of the selected ones to make a payout.

A system is the best way to balance risk and potential rewards.

Express The riskiest type of bet, which also offers the highest payout potential.

A parlay consists of two or more outcomes.

The odds of each of them are multiplied by each other.

This forms a rather large final odds.

But to win a bet, each outcome must be correctly specified.

One mistake will lead to a loss.

How to Place a Bet? Betting on Pixbet is possible both in the web version and in the mobile application.

The sequence of actions does not differ depending on the version of the software used.

You will need to follow a few steps to do so: Log in.

Make sure you log in to your account.

It doesn't matter if you do it through the official website or the Pixbet mobile app.

Also, make sure you have money on your balance; Select an event.

Open the catalog with sports and select one of them.

Then specify the competition and find the event you are interested in; Add the odds.

When you go to a specific event, you will see a set of outcomes on which you can bet.

In front of each of them, there will be the odds.

Click on it to add it to the betting slip; Complete the bet.

You need to specify the amount and type of bet in the coupon.

After that, click on the button to confirm the prediction.

As soon as you confirm the bet, the corresponding amount of money will be deducted from your balance.

It will be returned together with your winnings in case of success.

Betting Odds Pixbet users can quickly calculate the potential payout amount in case of a successful bet.

This is possible thanks to our site's decimal odds system.

Simply multiply the bet amount by the odds and the resulting value will equal the prize money you will receive if the bet wins.

Pixbet Live Streaming You will be able to watch some events live.

Broadcast mode is available for some of the most important matches.

Simply navigate to the event and you will see the broadcast on your screen.

You will also be able to place live bets on the proposed outcomes.

Pixbet Casino Pixbet Casino is another popular section on our site with hundreds of slot machines, table games, live dealer entertainment, lotteries and more.

Access to gambling is available in both web version and mobile application.

You don't have to download additional software or create a separate account.

Just log into your account, open the casino and start playing.

Popular Pixbet Games We have tried to make the entertainment catalogue not only extensive in the number of games, but also diverse.

In it you will find most popular categories for all tastes and budgets.

Slots This category of games is the most popular among players.

Not only newcomers but experienced users as well.

We offer hundreds of slot machines from different providers to choose from.

Each of them offers unique combinations of themes, functions, and mechanics.

Among the developers you will find many well-known studios: Pragmatic Play;Playson;1x2

Gaming;Microgaming;Spinomenal;Booongo;Evolution Gaming;Iron Dog;Leap;Vibra Gaming;Oryx.

There is a system of filters for a convenient search for games.

You can also sort slots by provider.

Poker Various versions of poker are available in the slots and live section.

These range from classic video poker with no opponent and payouts based on combinations, to Hold'em, Omaha, Razz and more.

Play your favorite type of poker against the computer or battle with a real croupier at the Live table.

Baccarat Another popular card game in which you will need to bet on a banker, player or draw.

You don't need to participate in the hand yourself.

Just choose one of the three outcomes and wait for the results.

The side with the most points wins.

Baccarat games only last a few seconds, so you can play at a fast pace.

Blackjack Blackjack is a mental game in which you face off against a real or virtual dealer.

Pick your cards and score points.

The closer you are to 21, the better.

But it's important not to score more than 21 points, as this will result in automatic defeat.

Roulette or European Roulette In roulette, you will bet on individual numbers, combinations of numbers, or some characteristics, such as color.

The wheel with the ball is then spun.

The wheel is divided into numbered sectors.

Which one of them the ball end up in is the winning one? Jackpot game Many of the slots and table games at Pixbet Casino have a chance of winning the jackpot.

It can be either fixed or cumulative.

The potential payout can be hundreds of thousands of times the size of the initial bet.

Lotteries On Pixbet you will find several popular types of lotteries, including Bingo.

You won't need any skills or knowledge in them.

Simply buy a ticket, select the numbers in it if necessary, and wait for the results of the draw. Support If you encounter any problems while playing, you can always solve them via Pixbet Support.

To do this, send us an email to You can also write to us via online chat. The support service is available 24 hours a day.

It helps players to solve problems and provides detailed advice on any issues.
