Our betting options are more than enough to have

you spoilt for choice. Here's what's on offer for NBA betting options at Unibet UK.

For

our NBA spreads, we set a points margin for victory that a team must win by for the bet to be won. This way, we can level the playing field for our bettors and make the challenge more competitive.

For instance, we might set a spread of +3.5 for team A and

-3.5 for team B, which means team A must outperform team B by at least four points for you to win your bet on team A. Simply betting on a win would make the margin for success too wide, making the winnings less lucrative. This way, we can offer more competitive NBA spreads for bigger and better winnings!

We offer moneyline betting, allowing you to select a team for each NBA game. There's a particular payout when you bet on a specific team to win an NBA game in the league. Negative odds indicate the amount you need to bet to make £100 on your bet, while our positive odds indicate the potential profit from a £100 wager.

So, if your team has odds of -£150, this is how much you must bet to make £100 from the game. And, if your team has odds of +£200, you could make £200 from your £100 wager. This is a simple bet that's great for beginners just entering the scene.

NBA player prop bets are player-specific, allowing you to predict the shots and points scored by individual players on the team. For instance, you might bet that Michael Jordan scores under a certain number of points, and if you're right, you reap the rewards!

Our player prop odds change in real time based on player progression and performance, so be sure to pay close attention to your favorite players and how well they're performing throughout the season.

We offer a variety of options for championship odds, including:

Team Odds: Bet on which team will win the championship. Odds will change as the season progresses, and each team gets its own odds. We will show these odds in decimal format, so please note that odds of 4.00 mean that you'll win £4.00 for any £1 bet you make.

Favorite Vs. Underdog: Go with a classic winner or an up-and-coming team in our favorite vs. underdog odds. Opting for the underdog usually reaps greater rewards than the favorite to win, so take your chances on who will make it to the NBA finals.

Our odds update throughout the season to ensure they're all fair and aligned with how each team performs. Because we have updated odds, you can place your bets throughout the season - and get involved in the action even if you're a little bit late to the game!

Our futures bets aren't based on a specific season winner and encapsulate a wider range of outcomes. For instance, you might bet which team gets the regular season record. Futures bets don't need to predict a championship winner, but they can if you select a futures bet that predicts this.

NBA

parlay bets are what we recommend for the player who loves to risk big and win big. They're all-or-nothing, so getting your information from the right sources is important before taking the plunge. Here's what you need to know about Unibet UK's NBA parlay bets:

Combine bets - you can combine your bets to increase the potential rewards. We combine your bets into a single wager, increasing the odds for a bigger payout. You can combine bets such as championship odds, money line betting, and player props for a bet based on multiple different outcomes.

Calculated payouts - you don't need to guess what the payout will be, as we handle all of the calculations for you and provide you with a figure for the payout if your bet is successful!

Live NBA betting lines give you the chance to bet while the game is taking place. We update the odds as the game goes on, you predict the outcome. So, if you get an inkling that something's going to happen, you still get the chance to act quickly and hedge your bets before the game progresses.

Here's what you'll gain by choosing live NBA betting with Unibet UK:

So, what's the best way to get

involved in the action and place your bets? Here are our top tips for popular ways to bet on NBA at Unibet:

Point Spreads: Point spreads work by giving you the option to

favor one team over another and guess the total points difference before the end of the match.

Over/Under Bets: An over/under bet is when you guess the total combined points each team scores during the NBA game. You bet whether the score will be over or under the predicted score to get good odds and make your winnings.

NBA Playoffs: You don't

have to wait until the season starts, as we accept bets for the NBA playoffs, too. This means you can make the between-season wait less boring and add some real stakes to the playoffs.

NBA Player Awards: Got a good feeling about who this season's MVP will be?

You can place bets on which players will win at the NBA player awards. Of course, our oddsmakers will be paying close attention to the season, too, so your odds may be lower with an obvious choice - try opting for an underdog player to increase your odds and potential winnings.

Finding the right betting strategies and tips can help you make

smarter decisions and make you more inclined to win big! So, before you start placing any bets, check out these betting strategies and tips.

Safe and educated betting is far

more fun than impulsive betting. Before you start, set your budget and allocate a specific amount you will spend. Otherwise, things could get out of hand, and you won't know how much you spend - especially if you enjoy alcohol while watching the NBA games.

At Unibet, we offer a top price guarantee. So, if you place a bet at the

starting odds, and the odds turn out to be higher than the odds you received, we'll compensate you by paying you a higher starting price - so you don't miss out! Of course, you'll need your bet to win to access the top price guarantee, but it's what makes Unibet such a great betting platform with the interests of the bettors in mind.

If you're going to get involved with parlay betting, it's best to know your

stuff. Here are the top tips to keep in mind when rolling bets together for parlay betting:

Research and analysis: Gather as much intel as you can about teams, players, performance, and injuries so you can ensure all bets are based on every possible predicting factor.

Bankroll management: parlay bets rely on a lot of things to happen for the payout, so it's best not to stake too much. Ensure your bets align with your budget for safer and happier betting.

Parlay size and variety: Make sure to include no more than 4 bets in your parlay, although it'll increase the potential payout, the chances of winning become increasingly slim the more bets you place. Try to include a variety of bets that won't clash with one another to avoid redundant betting.

Taking advantage of our bet builder can give you greater rewards from your betting. Here's how to use it:
