Multiplay 81 Review

Chances are that you haven't heard about e-gaming just yet, so let

us tell you that they are a fairly mid-range team that's yet to produce its

breakthrough slot. That success won't come with Multiplay 81, however, as it's a fairly

straightforward fruit slot with only a couple of interesting bits. The first one is the

fact that there are as many as 81 ways to win, spread across 4 reels and 3 rows.

The

slot's theme has exactly zero surprises, and we unfortunately don't have any praise at

all for how things look here. Multiplay 81 is a 2024 slot, but you wouldn't be able to

tell that by looking at it. The symbol designs are poor, and it's just not a good

experience overall.

Multiplay 81 Slot – Reels Screen

The volatility of Multiplay 81 is

medium, but we have no reliable info about the slot's jackpot. We can tell you, though,

that you can enjoy the action for all sorts of stakes between £0.10 and £100.

Unfortunately, the theoretical RTP of Multiplay 81 is only 95%, which is exactly one

percent below the 96% industry average.

Multiplay 81 Slot Features

There are 8 pay

symbols in Multiplay 81, and it's possible to divide them into 5 low pays and 3 high

pays. The slot's low-paying symbols feature BAR symbols, cherries, lemons, oranges and

plums. For a full set of these symbols, you can get up to 4x your bet. The payouts are

then even better for the 3 high pays, which show grapes, melons and sevens. Sevens are

the most valuable symbols, and they pay as much as 160x your bet for a four-of-a-kind

combo!

For special symbols, there are special Multiplay 81 Wilds. What we have here are

essentially Multiplier Wilds that both substitute for other symbols and work as 2x win

multipliers. You can even get them to work together and multiply each other, so they

can provide you with some serious boosts!

Multiplay 81 Slot – Multiplier Wilds

Feature

## Review Summary

Even though we do like the inclusion of Multiplier Wilds, there's no getting around the fact that Multiplay 81 is by no means exciting. Its 95% RTP is disappointing, and we have no praise at all for how it looks and sounds. Honestly, this isn't the standard we are used to.
