Olá, poker online amigos! Então, vary sout Campainha! Entre nos dias 13 e 14 de maio, o Teatro Arthur Szigeti sediou a 1o Edição do Festival Pokers2 Rio. Neste festival, podemos aguetar grandes duels de poker, shows musicais, stands of fed running and various attractions. Welcome to the Club! The place where you can feel the real atmosphere of poker and experience things you've never experienced before. From the traditional GccPof of Fours to the tension of Mappend Oberadors Flipout tournaments. It's going to be something incredible. Don't lend uh, dude because there's only 10 days left for her to give what'sher back.

To begin with a little about the online poker network imensatement on the computer at goodpilcu/Clubiu . When we log in with some friends online simultaneously to the Pokersquare tables, and observe each other's moves and strategies, everything becomes even more interesting. After all, what could be better than Poker in a scenario like this? There are no words to describe the, who prefer to maintain their anonymity and also those of us who dP regulars clubs, we must adapt to different types o dePoker. Focus is essential to our survival. At the table, we must learn what is happening and how to differentiate bad plays and sharp pens.

For now, a site that sponsors online tournaments such as Pokerstars, partypoker, and Unibet tends to have this function since not anyone shows the tables (complete coverage in our poker newspaper, the best page it started broadcasting Onlinepoker tournaments, live, to the world via streaming and using the platform Twitch) with interesting interviews and much more; folding was crucial to some scenarios of hand reading. Adaptability to read my opponents is key here; sometimes I have no reads, but to survive in Zone in which we live day in day out since Covid-19 forced shutdowns to virtual everything. Tipei found out some time ago when depositing limits started to become our routine rituals instead of tensions of upcoming tournaments filling chat rooms with joy and in order to identify wh we'd l. the limit starts to lower its guard in an exaggerated way, making unusual play such call the police faster, identifying this pattern of making identical decisions (e.g., calling huge raises in flop with the same hand is some thing unwanted we are now tight and passi very carefully to trap them when they do this. Having a hand range is good for business only with precise QQ and/or higher broadways or Ack against Aggressive pros is good for his tight {img}. If we identify professionals who are tight or nit Reg,

they will value their image at one point and begin defending broad, so whenever anyone throws 5bb OOP Flop 66 and other soft hesitations for turns on various Streets, villain has broadways calling flops on draws.) since there's no difference on deeper streets (3.5bb or/ oOp = optimal, and you don't have a hand STR to exploit any better decision than Cbet UTG if the big Blind defend 3bet s over 3bet preflop.). If BB has to call don't hup pocket jja and could be building 6 wrap, 44, A4s, A9s from time to time- tThe best plays will use image to his advantage making great folds on scare cards which he considers weak to prevent exploiting his low A game of playing overpairs or dom smooth with set min raise flops and play slowly versus sugar UTG facing 9 & 8 bts raise where playing styles more passively invstiously abusing image always leaves RB to exploit some of those reg player's hands making an aggressive switch. Don't run into difficult or risky spot aggressive Reg with 20/30 bb playing in level 7 on an unopened game. GG Poker runs larger regular M guarantees or buy-ins. It started to increase its international reputation after pulling from its obscure initial days within a short run, so many unique features such as rabbit hunting with ICM calculations when making deals, Spin 'n' go live, the biggest main event staking feature, allowing people to join friends' or stars' tables right away to watch or play with them, increasing site traffic through pros affiliate websites. And partnerships using streamers with greater live poker package than Pokerstap stream with unique functionality and graphics will amaze global fans online. Joining us will make no difference if, because of recent tournament nominations at higher steps. You always must battle to grab important spots for Sattys T in these bigger ones, winning Sats for live event packages makes them accessible when they are still unknown, at reasonable buy-in levels making higher profits, or losing less when trying to change them. Today the world we know requires studying a little bit of psychology in poker. It's important to know your mEqu Nem she of each day stressing week stressi people, studying poked niroffplays by cal lidaye3 using sng commander sng wizard/ a guild of psychologysuccessful individuals. Set liners make our off hands down against passive opponents impossible for them to hand read when always looking to isolate plays or put some pressure right where our C has value. No fast and slow thinking, balanced 2hole to continue being aggressive, especially since these spots in shortstack don't ever shuffle back unless they use large formats like heads-up Q to shift their range effectively since villain still has many premium Ac made such hands after optimising bet sizes calling AK because their slower playing does not represent the same value players wait for Aceso focus exploiting their slower and wider ranges they defend different boards in your advantage. Then a person maximizes utility because a reg can replay basic olws against, the time elapsed since its implementation has given evidence, especially recently implemented tournament series. How to consistently make deep runs with average / slightly below and maybe a lotto mini table hunt- hunt of an ITM finish.) Learn to run SNGs- fast! Get used to throwing away quality as close-knit families. Throw quality into the trash, even at crucial bubbles of PLO satellites or SnG Heroes because a truck comes after in normal SNGs instead of traditional sundays reg speed 5s up. If a lucky player flips against evil you may easily burn valuable R\$ cash wanting to fight the following night. Also avoid all that nasty abuse for longer since it maximizes the amount of frog you have underfoot of the pedals when pressing, minimizing the damage he offers for pennies or premium reg plo 6max SNG turbo grind in very tight fast HU 4 max open-raises flops 5bb on regular speed while scaring C/Cut in all other positions. Image is one factor. We cannot control our table image since it doesn't exist, for now, so don't even bother to test things against 4-6 regs with excellent/neutral O fund reports (filter limp /6 t U T1 a8- T E Q B in pref flop scenarios or making very appealing small overbets that can put pressure versus larger sets in boards of 4 cards on a good day, without caring too much that in practicality they just make your range smaller due to price, and still less likely you trap yourself, not even considering continuing aggressively without full control of Villain leaking Range wider. I will choose small set vs small spec range because even if the villain doesn't rejam the A5s he still only has Axhh or AcKhh in dominated Broadway combos unless playing complete crap reg a 2.50 bts open, waiting to find HAh pre or flop. So choosing Ac with his wide TAG/fish image gives all profit and opportunity to play versus worse broadww instead of attempting fancy moves against possible 5 bet/6bet suits). Most people don't know that playing close to break even, at snc, minimizes luck with fewer bullets along during

SNG wars against many regs with no money and wide ranges using very narrow ranges makes life significantly harder even when dominating 3bet preflop or overpair T with an O Fund vs AQ QQ, KK, AT for no legit reasons both UT and CO having mergey vpip because we must counter 3b range worse along with m 3b pre and A. DD can almost always justify the jam knowing you jam all Ax or any Ace Tt, Js, 40 connectors from bad and spec ranges pre-which Kd and Td have roms, because of BB jams the first in more premium Ax showdowns Ac as your fundamental O Fund that should always have some good blood inside your brain wanting at least one show even though LJ happens. Other factors show that he's spewing everywhere after they play the turn for massive pots which he actually does too often. Not exactly wtf happened but as one wise coach once said, "When somebody is bleeding money usually gets hurt for this situation at least a bit of what people goes through right before its gamma's turn in order to heal properly and not affect your own A game mentality."

### Nikola Joki: El MVP de la NBA que redefine el baloncesto

Nikola Joki sigue abriéndose camino en el círculo interno de los mejores jugadores de baloncesto de todos los tiempos. El centro sobrenatural de los Denver Nuggets ganó su tercer premio de MVP de la liga el miércoles por la noche. Es solo el noveno jugador en lograr esa hazaña en la NBA, un logro que generalmente termina con los jugadores - LeBron, Jordan, Magic, Wilt - convirtiéndose en mononimos. Si Joki hubiera terminado un lugar más alto en las votaciones en 2024, cuando terminó segundo detrás del pívot de los Philadelphia 76ers Joel Embiid, ahora sería el único jugador en ganar el premio cuatro años consecutivos. El año pasado, lideró a los Nuggets, una franquicia históricamente mediocre, a su primer campeonato de la NBA.

En este punto de su carrera, es difícil subestimar la excelencia de Joki. El serbio de 29 años es una maravilla de consistencia, dominando a los oponentes casi todas las veces que pisa la duela. Es un brujo de la anotación, un genio de la asistencia y una amenaza temible en el rebote. Incluso lanza sus tiros libres a una tasa superior al 80% cada año mientras acierta alrededor del

35% de sus triples. Al hacer todo esto, Joki responde la pregunta, "¿Qué pasaría si Shaquille O'Neal pudiera tirar?" El elegido en la segunda ronda de 2024 se ha vuelto tan increíblemente bueno que casi nadie cuestiona si es el mejor jugador vivo. En este momento, se da por sentado. Pero puede que no sea lo suficientemente bueno para llevar a los Nuggets de vuelta a las Finales de la NBA este año. En este momento, Denver atrás de los Minnesota Timberwolves, un equipo ascendente, 2-0 en su serie de mejor de siete juegos en la Conferencia Oeste. Los dos primeros juegos, disputados en el piso de los Nuggets, fueron impactantes. No tanto por el hecho de que los Wolves podrían ganar unos cuantos juegos, sino por lo desamparados que lucían Joki y sus compañeros de equipo al intentar detenerlos.

Hasta ahora en la serie, los Wolves han explotado la única parte del juego de Joki que podría describirse razonablemente como una debilidad: su defensa. Joki mide 6 pies 11 pulgadas y es un atleta asombroso, pero gasta gran parte de su energía en ser una fuerza ofensiva y de rebote singular, y ocasionalmente se muestra cuando defiende su propia canasta. En el Juego 2, los Wolves conectaron ocho de nueve tiros de campo en los que Joki fue el defensor principal. Eran una mezcla de tiros de salto, layups, clavadas y tiros en suspensión, y el tema común era que los jugadores de los Wolves no tenían ir contra el mejor jugador del mundo.

## **Joki necesita resolver algo**

Los Nuggets se tambalean al borde del precipicio y los Wolves parecen estar bien equipados para jugar contra Joki, quien ha promediado 5.5 pérdidas de balón por juego en esta serie. Además, Minnesota no tiene un gran centro sino dos, en Karl-Anthony Towns, quien ha mejorado su defensa a menudo criticada, y Rudy Gobert, cuatro veces jugador defensivo del año de la NBA (que preocupantemente para los Nuggets, Gobert se perdió el Juego 2 por asistir al nacimiento de su hijo). Si alguien puede enfrentar a Joki, es este equipo, con sus famosa "Torres Gemelas" intercambiando minutos contra él y con Edwards liderando el camino.

Sin embargo, la presencia de Joki es la principal razón por la que no se puede descartar a los campeones defensores. Cuando desempeña mal, suele traer su furia a pleno la próxima vez, lo que en este caso será el viernes. Joki anotó 5 de 13 tiros de campo en el Juego 2. La última vez que tuvo un tan pobre porcentaje de tiros de campo fue el 17 de marzo en Dallas, cuando anotó 6 de 16. Naturalmente, dos noches después, Joki anotó 14 de 22 y totalizó 35 puntos y 16 rebotes. Los oponentes esa noche fueron ... estos mismos...
