Football stadium

Stadio Atleti Azzurri d'Italia, known for sponsorship reasons as the

Gewiss Stadium since July 2024 and as Stadio di 8 Bergamo in UEFA competitions,[2] is a stadium in Bergamo, Italy. It is the home of Serie A club Atalanta and 8 has a capacity of 21,000 seats. The field is 120 m (130 yd) long and 70 m (77 yd) wide. 8 Atalanta has owned the stadium since 2024, having purchased it from the comune.

Atalanta's youth

team also sometimes plays competitive matches 8 at the Gewiss Stadium, most recently the Supercoppa Primavera in 2024.[3] The stadium in Bergamo has also been used as 8 a home ground by local club AlbinoLefte from 2003 to 2024 (when it moved to Gorgonzola)—a period during which AlbinoLefte 8 spent nine years in Serie B and met Atalanta on several occasions[4][5][6]—and for various matches of the Italy national team.

History 8 [ edit

]

Early years [ edit ]

With the growth of football in the 1920s, Atalanta needed a new stadium with 8 considerably larger capacity than its previous grounds.[7] The new stadium was constructed on Viale Margherita (now Viale Giulio Cesare),[8] replacing 8 a hippodrome that once occupied the site.[9][10] Construction of the new stadium took one year; it opened in 1928 and 8 cost 3.5 million lire.[7] The stadium was named after fascist Mario Brumana; this was common naming practice in fascist Italy.[9][7] 8 The Brumana stadium was much larger than the Clementina field, having a seated capacity of 12,000 spectators in two tribune 8 (side stands) and a larger field measuring 110 by 70 metres (360 by 230 ft);[11] it also featured a running 8 track, as it was planned to form part of a larger complex. On 1 November 1928, Atalanta played its first 8 unofficial match at the stadium (a 4–2 victory against Triestina); the stadium was then officially inaugurated on 23 December 1928, 8 when Atalanta defeated La Dominante Genova 2–0 in front of over 14,000 spectators.[9]

After World War II, the stadium was renamed 8 the

Stadio Comunale ("Municipal Stadium"), as fascism no longer existed in Italy.[4]

Expansion of the stadium began in the years 8 following the war: the construction of a south stand (the Curva Sud) began in 1949,[10] and a second stand at 8 the north end (the

Curva Nord) followed during the 1960s, opening in 1971.[9] Later, in 1984, the running track was removed in order to expand the stadium's capacity upon Atalanta's return to Serie A after five years.[10] The club's first match in the 1984–85 Serie A, a 1–1 draw against Inter, had an attendance of over 43,000 spectators, a record attendance for the Stadio Comunale.[13][a]

The Gewiss Stadium in 2024

Modernization projects [ edit ]

The Tribuna Giulio Cesare underwent modernization

during the early 1990s, and the stadium was renamed the Stadio Atleti Azzurri d'Italia ("Blue Athletes of Italy") in 1994.[7] In 1997, following the death of 22-year-old forward Federico Pisani in a car accident, the Curva Nord was nicknamed the Curva Pisani in his honor.[14] Similarly, the Curva Sud was nicknamed the Curva Morosini in 2012 to posthumously honor 25-year-old youth academy player Piermario Morosini,[15] who died following collapse on the field during a Serie B match between Pescara and Livorno.[16] In 2024, the stadium also expanded its side stands to offer pitchside views only several meters (feet) from the benches, a revolutionary feature of Italian stadiums at the time.[10][4] This phase of improvements also included improved bench facilities for players and the introduction of luxury boxes atop the grandstand.[17] New seating areas for disabled spectators were also added. At the same time, the press box has been lowered and moved towards the pitch. These improvements came with a reduction in overall capacity by around 3,000 seats. The club paid €2.6 million for the first phase of redevelopment.[18]

On 10 May 2024, Atalanta announced the acquisition of the stadium from the comune for 8.6 million euros,[10] becoming one of only four Serie A clubs to own its home stadium.[19][b] This acquisition allowed the club to authorize a renovation project for the stadium,[19] for like many Italian stadiums, much of its structure and facilities were considered outdated.[4][20] This renovation project was also necessary to upgrade the stadium to meet UEFA standards for hosting matches in UEFA competitions. Because the stadium was not ready at the time, Atalanta had to play its Europa League home matches at the Mapei Stadium in Reggio Emilia and its Champions League home matches in its debut season at San Siro in Milan.[21][22] Despite not playing in Bergamo, though thanks to the additional capacity of San Siro, Atalanta recorded its record home attendance of 44,236 during a Champions League knockout stage match against Valencia on 19 February 2024.[23]

Following a sponsorship agreement with

electronics company Gewiss lasting at least until 2025, the stadium was renamed the Gewiss Stadium on 1 July 2024.[24][25] On 30 April 2024, a new phase of renovations began with the demolition of the Curva Nord "Federico Pisani" (North Stand).[26] On 6 October 2024, the renovated Curva Nord was inaugurated for Atalanta's home match against Lecce;[27] it has covered seating for over 9,000 spectators.[28] A year later, both side stands underwent modernization and the Curva Sud had temporary seats installed on the concrete.[29][30] These upgrades allowed Atalanta to play its Champions League matches in Bergamo starting in the 2024–25 season.[31][32] The final phase will feature a rebuilt Curva Sud (mirroring the rebuilt Curva Nord), which will increase the stadium's capacity to about 25,000, as well as construction of a new underground parking garage and other improvements to the stadium's surroundings.[33] It was originally expected to be completed in 2024, though was delayed until February or March 2024;[9][34] the start of construction was then further delayed to spring 2024, with expected completion in August of that year.[35] Atalanta will still be able to play its home matches at the Gewiss Stadium during construction.[33]

International

matches [ edit ]

The Gewiss Stadium has also hosted various international matches, though it was not selected as a venue in any of the international tournaments hosted by Italy. The Italy national team's most recent match at the Gewiss Stadium was a 1–1 draw with the Netherlands in the UEFA Nations League on 14 October 2024.[36] Prior to this, Italy had not played an international match in Bergamo since 2006;[37] renovations to the stadium in 2024–2024 brought it up to UEFA standards.[32] This match was played in Bergamo as a homage to the city, as it was an early epicenter during the COVID-19 pandemic in Italy.[36][37]

List of international matches [ edit ]

Awards [ 8 edit ]

The

Gewiss Stadium received the Most Valuable Field award during the Serie A Awards in 2024.[39]

Notes [ edit ]

^ The club's home attendance record was later broken in 2024, though that match was not played in Bergamo. ^ [19] The other three are Juventus, Sassuolo, and Udinese. All the remaining Serie A clubs play in municipally-owned stadiums.

## La posición internacional del yuan chino mejora y su uso en liquidaciones transfronterizas globales aumenta

Hangzhou, 29 de mayo (Xinhua) -- El estatus internacional del yuan chino ha mejorado aún más y la participación del yuan en las liquidaciones transfronterizas globales y varias reservas de divisas ha aumentado, según un informe divulgado el lunes.

Los datos de SWIFT muestran que la participación del yuan en los pagos globales alcanzó un récord del 4,6% en noviembre de 2024, superando al yen japonés para convertirse en la cuarta moneda de pago más utilizada en el mundo, según el Informe de Política Financiera de China

2024.

El informe fue lanzado conjuntamente por la Escuela de Finanzas PBC de la Universidad Tsinghua y el Centro de Investigación de Política Financiera de la Academia China de Ciencias Sociales en Hangzhou, capital de la Provincia de Zhejiang, este de China.

## **El uso del yuan se extiende más allá de las entidades económicas chinas**

Además de las actividades que involucran a entidades económicas chinas, el yuan comenzó a utilizarse como moneda de terceros, dijo Ding Zhijie, portavoz del informe y director del Centro de Investigación en Divisas de la Administración Estatal de Divisas.

Ahora, los inversionistas extranjeros actualmente poseen alrededor de 10 billones de yuanes (US\$ 1,406 billones) en activos nacionales, agregó Ding.

## **El informe resalta los esfuerzos de China para construir un sistema financiero moderno con características chinas**

El informe resumió los esfuerzos de China para construir un sistema financiero moderno con características chinas y promover el desarrollo de alta calidad de la industria financiera del país. A medida que la reforma financiera continúa profundizándose, el sistema financiero, los mercados y la regulación de China se han mejorado aún más, lo que convierte a China en un importante jugador financiero mundial, resaltó el informe.
