WATCH TOGETHER

WHAT CAN I WATCH USING WATCH TOGETHER?

If it's live on Eleven Sports 1,

Eleven Sports 2 or LaLiga TV, you can use Watch Together. Keep an eye on our schedules to see if anything takes your pick. However, Watch Together is not compatible with content on demand.

HOW DO I SET UP A ROOM?

Login to your ELEVEN SPORTS account Click on

the 'Watch Together' tab at the top of the page Click on 'Create Room' Give your room a name Invite your friends and family who also have an ELEVEN SPORTS account

HOW DO I

INVITE SOMEONE TO A ROOM?

When creating a room, you will be presented with a link that

can be copied and shared with friends and family. If you miss this link, you can also access it by clicking on any empty camera windows when you're in the room itself.

Just

send them the code via any medium including text, WhatsApp, email or on social media and they can gain access!

When you're looking for the link to share access with

friends, don't just copy and paste the URL in your browser; this will not work for new users who do not currently have valid access to your room.

HOW MANY PEOPLE CAN I INVITE

TO A ROOM?

You can have a maximum of 5 people in each room, which includes the person that set the room up.

WHAT DEVICES CAN I USE WATCH TOGETHER ON?

You can ONLY use Watch

Together on the browsers Google Chrome and Firefox on your laptop / PC.

Once other web

browsers or iOS / Android devices implement the required features, your Watch Together experience will be compatible with them. We do not know when this will happen, but we will keep you posted with any news when it's available.

WHY CAN I NOT USE WATCH

TOGETHER ON A WEB BROWSER ON MY IOS OR ANDROID DEVICE?

Even though you may have

installed Chrome or Firefox browsers on your Apple device, those browsers are built on top of Safari, which has the same limitations as on any desktop.

MY STREAM KEEPS

JUMPING / HAS A DELAY

With Watch Together rooms, we synchronise all users to the same moment in the stream – so when a goal goes in, it's at the same time for everyone. If you are experiencing a frequent jump in the stream it may be because your Wi-Fi connection and/or device is struggling to keep pace with the other participants. You will therefore be jumped to where your friends are in the stream to ensure you are watching at the same time.

We recommend shutting down other programs and making sure your device has been restarted recently to optimise performance.

Also, to ensure that

everyone is watching the same moment at the same time, we put a small delay in the stream that enables us to synchronise all users. We are working on improvements to reduce this delay.

THE VIDEO QUALITY IS NOT VERY GOOD

Try shutting down all other

programs. Watch Together takes slightly more computing power than when you're just watching on your own.

For optimal performance, we recommend that your laptop/device has been restarted recently.

I AM BASED OUTSIDE THE UK & IRELAND; CAN I USE WATCH TOGETHER ABROAD?

If you have purchased ELEVEN SPORTS whilst in the UK and Ireland, you will be able to access Watch Together anywhere within the EU. However, if you're outside the UK and want to purchase ELEVEN SPORTS to access Watch Together, you won't be able to.

MY

FRIEND IS ON HOLIDAY IN THE EU, CAN THEY LOGIN AND USE WATCH TOGETHER?

Yes. If they

have purchased a pass to ELEVEN while they were in the UK, you can watch with them.

I

CANNOT JOIN THE ROOM I HAVE BEEN INVITED TO. IT SAYS I DO NOT HAVE ACCESS.

Here are

three things you should check:

Ensure you are logged in to your own ELEVEN SPORTS

account Make sure you have enabled your webcam Check that your firewall/network connection is not blocking the connection (this is most likely to occur on corporate internet networks).

If you are still struggling, please message our team via the live

chat on the website or email info@elevensports.uk

I CAN HEAR THE SOUND FROM ANOTHER

USER'S COMPUTER

We recommend all users wear headphones to get the best audio

quality.

If you cannot use headphones, we recommend reducing the volume of your audio or muting it entirely to optimise the experience for everyone in the room.

ANOTHER

USER'S CAMERA IS FROZEN

Someone's connection to the room has been frozen or been interrupted. This can usually be resolved by the interrupted user refreshing their screen. If the problem continues to reoccur, it is likely that the user is connecting from a restricted network that may be causing their connection to you to drop.

I CANNOT

HEAR ANOTHER USER CLEARLY OR OTHER USERS CANNOT HEAR ME

Some devices automatically adjust your microphone input volume based on a variety of factors. This can usually be solved by accessing the properties for your audio input device and turning the setting up.

A user may mute themselves so that nobody can hear them, or you can mute them yourself. If a user mutes themselves, the microphone icon on their camera will turn yellow with a line through it. If you mute them, the microphone icon will turn red with a line through.

WHY CAN I NOT USE CHROMECAST FOR WATCH TOGETHER ROOMS?

Chromecast

cannot cast multiple video streams at once. For the big screen experience, our current recommendation is to connect a laptop to your TV via a HDMI cable. When doing this, set your TV as the primary screen or an extended screen. Do not use the screen mirroring setting as this will affect the video performance.

CAN MORE THAN ONE PERSON USE MY
ELEVEN SPORTS PASS?

Afraid not. Friends and Family invited to your room must all have their own subscription to ELEVEN SPORTS.

HOW CAN YOU ENSURE IT IS SAFE

All Users must

be aged 18 or over to use the Watch Together function

Terms and conditions state that:
