Easily add text to {img} or memes.

Tip: If 9 you log in , your memes will be saved in your account

What is the Meme Generator?

It's a free online image 9 maker that lets you add custom resizable text, {img}, and much more to templates. People often use the generator to 9 customize established memes, such as those found in Imgflip's collection of Meme Templates. However, you can also upload your own 9 templates or start from scratch with empty templates.

How to make a meme

Choose a template. You can use one of the 9 popular templates, search through more than 1 million user-uploaded templates using the search input, or hit "Upload new template" to 9 upload your own template from your device or from a url. For designing from scratch, try searching "empty" or "blank" 9 templates. Add customizations. Add text, {img}, stickers, drawings, and spacing using the buttons beside your meme canvas. Create and share. 9 Hit "Generate Meme" and then choose how to share and save your meme. You can share to social apps or 9 through your phone, or share a link, or download to your device. You can also share with one of Imgflip's 9 many meme communities.

How can I customize my meme?

You can move and resize

the text boxes by dragging them around. If 9 you're on a mobile device, you may have to first check "enable drag/drop" in the More Options section. You can 9 add as many additional text boxes as you want with the Add Text button.

You can customize the font

color and 9 outline color next to where you type your text.

You can further customize the

font for each text box using the 9 gear icon next to the text input. Imgflip supports all fonts installed on your device including the default Windows, Mac, 9 and web fonts, including bold and italic. Over 1,300 free fonts are also supported for all devices.

Any other font you want can be used if you first install it on your device and then type in the font name on Imgflip.

You can insert popular or custom stickers and other

{img} including scumbag hats, deal-with-it sunglasses, speech bubbles, and more.

Opacity and resizing are supported, and you can copy/paste {img} using CMD/CTRL + C/V for quick creation.

You can rotate, flip, and crop any templates you upload.

You can

draw, outline, or scribble on your meme using the panel just above the meme preview image.

You can create "meme chains" of multiple {img} stacked vertically by adding new {img} with the "below current image" setting.

You can add special image effects like

posterize, jpeg artifacts, blur, sharpen, and color filters like grayscale, sepia, invert, and brightness.

You can remove our subtle imgflip watermark (as well as remove

ads and supercharge your image creation abilities) using Imgflip Pro or Imgflip Pro Basic.

Can I use the generator for more than just memes?

Yes! The Meme Generator is a

flexible tool for many purposes. By uploading custom {img} and using all the customizations, you can design many creative works including posters, banners, advertisements, and other custom graphics.

Can I make animated or video memes?

Yes!

Animated meme templates will show up when you search in the Meme Generator above (try "party parrot"). If you don't find the meme you want, browse all the GIF Templates or upload and save your own animated template using the GIF Maker.

Do you have a wacky AI

that can write memes for me?

Funny you ask. Why yes, we do. Here you go:
