6+ Hold'em is a popular 'short deck' poker format that plays much like Texas Hold'em, but with a few exciting differences:

Available exclusively at PokerStars 6+ Hold'em is your chance to play an action-packed variant loved by high-stakes players around the world.

All 6+ Hold'em games use a 36-card deck (with all cards lower than a 6 removed), which is shuffled before every hand is dealt. Games also use a 'button blind' structure: every player posts an ante, and the player seated at the button position is the only one who posts a blind – meaning there is only one blind per hand, rather than traditional small/big blind format.

The action starts with the player seated to the left of the button. Each hand then plays out according to Texas Hold'em rules, with pre-flop, flop, turn and river betting rounds.

If you've played Texas Hold'em games before, the rules of 6+ Hold'em are easy to follow.

But don't forget: contrary to regular Texas Hold'em games, in 6+ Hold'em a flush beats a full-house. A five-card hand consisting of Ace, 6, 7, 8, 9 (any suit) is also deemed a straight. All other hand rankings remain the same.

Bacará Estratégico: Ganhe com Habilidade

In regular poker, each player is dealt a complete hand, while in Texas Hold'em, players are dealt two "hole" cards and then use five community cards to make the best possible hand. As for which game is more fun, that is subjective and depends on personal preference.

There is a skill element to playing poker, which starts with you having control over which cards to play and which to fold. In addition, poker skill is required to put opponents on a range of hands, to bet the correct amount of chips to induce a call or fold, and more.

And poker is a great example of applied intelligence in action. In a hand of poker there are only six decisions you will ever need to make: fold, check, call, bet, raise, all-in. Knowing which one to make is the ultimate test of applied intelligence. But sometimes it just comes down to intuition.
