EvoWorld.io (FlyOrDie.io)

Share

EvoWorld.io is the multiplayer survival game previously known as FlyOrDie.io. You start as a small fly and level up as you eat more food. As you evolve, other players become part of your diet. Each level comes with a new special ability and more things to eat. The choice is simple, you Fly or Die!

How to Play EvoWorld.io

Eat items and animals outlined in green. Avoid animals with a red outline. They will eat you! You'll be fighting for survival against hundreds of other players, so make sure you keep moving and keep eating. Keep an eye on your water level, as you'll need plenty of water to survive.

Special Abilities

Moving through the game, each animal will have its own unique special ability. You can use that special ability to get through the game quicker. When you start out as a fly, you'll have "beginner's luck". This gives you a 50% chance to avoid a predator's attack. Use the special abilities to your advantage.

Game Levels

There are 45 different animals and 8 stages of evolution in EvoWorld.io. You start as a simple fly, and fight your way up through the animal kingdom.

Once you've played through the ordinary and real animals, there are demons, mythical beasts, cosmic entities, and the undead. The grim reaper sits right at the top of the food chain with his scythe, which he uses to take down prey.

Biomes

There are multiple biomes in EvoWorld.io. Each one has a completely different landscape. You'll find different prey in each location, so don't be afraid to explore the map and see what's out there.

About the Developer

EvoWorld was made by Pixel Voices, an .io games developer. Other popular games made by Pixel Voices include llam.io and anomal.io.

Tips

Don't stay in one place for too long

Use the special abilities to your advantage

Hide in the clouds to avoid being eaten

Drink plenty of water

Eat as much prey as you can!

Features

Evolve through 45 different animal types

Fly into space or go deep underground

Multiple biomes to play in

.io multiplayer game

Release Date

April 2024

Platforms

Web browser (desktop and mobile). We also have the Android version.
