in regular solitaire your goal is to turn all the face down cards face up. in spider solitaire, you're still trying to turn all the cards face up. however, you need to make a column from ace to king. and then you can remove that column from the game and keep playing.

### br4bet bônus

Spiderette is played the same as the popular Spider Solitaire but uses only one deck of cards instead of two. This makes the game a lot easier to win and much quicker to play and will suit people who don't have a patience for longer solitaire games.
