Quando Michael Gove anunciou o primeiro atraso nos controlos pós-Brexit sobre produtos vegetais e animais que chegam ao Reino Unido 0 a partir da UE, ele estava ansioso para deixar uma coisa clara.

"Embora reconheçamos que muitos na indústria de fronteiras e 0 muitas empresas têm investido tempo, energia para estarem prontos a horas; nós no governo estávamos confiantes cassino com bônus cashback estar preparados", disse 0 o então ministro do Gabinete.

Isso foi cassino com bônus cashback março de 2024. Três anos e quatro atrasos depois, terça-feira finalmente verá os 0 cheques trazido para dentro ou será?

Desta vez há pontos de interrogação sobre a prontidão do governo. Em uma apresentação vazada 0 vista pelo

Financial Times

, o Departamento de Meio Ambiente e Assuntos Rurais (Defra) esboçou um plano para a fase cassino com bônus cashback controles 0 com inspeções físicas inicialmente "fixas como zero" por todos os produtos menos do mais alto risco.

O governo respondeu, insistindo que 0 os cheque iam começar cassino com bônus cashback 30 de abril mas indicou a intenção inicial dos mesmos se concentrarem nos produtos com 0 maior risco e aumentar o controle sobre outros bens "de maneira sensata".

Os deputados querem uma explicação, escrevendo para Defra na 0 semana passada dizendo que isso parece ser "um sexto atraso à implementação de [plantas e produtos animais] verificações da importação 0 cassino com bônus cashback tudo menos nome".

A

Observador

O processo de inspeção começará com mais verificações "lideradas por inteligência", concentrando-se primeiro nos produtos do maior 0 risco cassino com bônus cashback todas as categorias. Isso veria remessas escolhidas para a inspecção, baseadas sobre fatores como o país da origem 0 ea empresa que os entregam ; qualquer informação adicional acerca dos determinados produto provenientes através das fronteiras Os níveis policiais 0 também serão ajustadoS baseados na conformidade entre bens ou nível disruptivo

Alguns fornecedores têm lutado para encontrar veterinários que façam as 0 verificações ou apenas viraram costas ao fornecimento do Reino Unido, dispostos a lidar com o aumento da

burocracia.

Este é um 0 dimensionamento do plano declarado, que teve como objetivo verificar entre 1% e 30% dos produtos de médio risco (incluindo carnes), 0 queijo ou ovos a partir 30 abril - 100% das mercadorias com alto nível para plantio. O governo disse ter 0 intenção cassino com bônus cashback construir até esse patamar mas ainda não deu uma linha temporal:

Esta segunda fase da política de fronteira pós-Brexit, 0 chamada modelo operacional alvo fronteiro (BTOM), foi concebida para espelham os controlos que a UE introduziu sobre as importações do 0 Reino Unido imediatamente após o país deixar seu mercado único cassino com bônus cashback janeiro 2024.

A primeira fase, que começou no final de 0 janeiro deste ano e exigiu dos importadores da maioria das carnes leiterias ou vegetais certificados sanitário para produtos antes 0 deles poderem entrar na Grã-Bretanha. Isso já criou problemas cassino com bônus cashback alguns exportadores do Reino Unido

Não só acrescentou custos extras às 0 encomendas – os certificados podem custar até 200 para cada linha de produtos -, mas alguns fornecedores têm lutado 0 por encontrar veterinários que possam realizar as verificações ou simplesmente viraram suas costas ao fornecer o Reino Unido sem querer 0 lidar com a burocracia adicional. O resultado foram lacunas cassino com bônus cashback algumas prateleiras da loja do restaurante

A mudança para os controlos 0 físicos será mais disruptiva. As inspecções envolverão a realização de alguns camiões na fronteira, quando o controlo das importações pela 0 UE começou cassino com bônus cashback 2024 e as exportações do Reino Unido ficaram com uma contagem dos custos da carne que se 0 deteriora nos portos europeus; O governo disse ainda: "Os cheques vão melhorar cassino com bônus cashback biosegurança" (BO) no país - proteger agricultores 0 ou mesmo garantirem segurança alimentar contra doenças caras".

Organização Mundial do Comércio (OMC)

As fronteiras comerciais do Reino Unido com a UE 0 precisam combinar as da União Europeia e o resto de todo mundo, para não dar ao bloco uma vantagem comercial.

Mas 0 o comércio será mais caro. O próprio governo admitiu que as empresas terão de pagar 330 milhões por ano, 0 podendo adicionar 0,2% à inflação alimentar ao longo dos três anos Um recente relatório da Allianz Trade colocou um custo 0 tão alto quanto 2 bilhões e com aumentos cassino com bônus cashback 0,2 % na principal taxa nacional inflacionária do país (ALE).

Os ministros 0 insistem que um início gradual de verificações físicas era o plano todo, mas as empresas disseram ao

Observador

Era notícia para eles.

Assim, 0 embora possamos não estar prestes a ver longos traseiro ou pilhas de carne podre na fronteira se é algo 0 para passar pela história que vai acontecer - ela será o mais suave – e rápido.
