Hi, my name is Carlos, and I had always been interested in trying out online gaming. Being a huge fan of classic slots, I decided to give 7s Deluxe Fortune Spins a go. The first time I played it, I was in awe of its layout and design. It felt just like the classic machines I loved so much. It had a wild symbol, a scatter symbol, a bonus round, free spins, and a respin feature. A progressive jackpot wasn't included, but it didn't matter - with a x20,345ways multiplier, the wins remained impressive nonetheless. Anyone can easily comprehend the math behind it, increasing your potential on each win. Also, there was the double-up feature. It intrigued me because I loved the potential for big wins.

I realized later on, that there wasn't any special trick for winning big. Throughout a week, I practiced whenever I could, and was adicted. I set aside a particular time each day to enjoy 7s Deluxe Fortune Spins, particularly during soccer matches. Subconsciously, this helped me disconnect from the routine tasks I had in my daily life -- forget about the everyday chores, the bet slips, the TV remote control, whatever duties at work, dirty dishes, all the non sense, what really mattered was me versus the spins button. Sure, taking breaks, stretching, grapping a snack, chatting with the wife or whatever, yet all signs said I wanted to conquer the game, while it said I couldn't. I never really focused on how to bet smartly other than the obvious (\$1, 2, 5, 10, 20 or max... why can't I just get to the Features and get those goddamn Jackpots. Like let's say you place max bets on a slot where one payline is +- R\$5, obviously spending R\$1 there isn't practical.) R\$1 dollar signs, pay attention -- I took as many risks as possible and pushed how much funds I had in that direction, with a bit of fun from time to time. Improbable my life would shift like this, by a game! Suddenly I learned the 7s Deluxe Wild Fortune Play, and boy, the nostalgia increased to the next level experiencing these same old games from my childhood in an arcade. To be continued...
