The jackpot is triggered by a specific combination of symbols on the reels. When you pull the lever or push the button, the random number generator generates a mixture of symbols. If the given combination matches the jackpot combination, you win big time.

Slot machines use a random number generator (RNG) algorithm to determine the outcome of each spin. This algorithm generates a sequence of numbers that correspond to the symbols on the reels.

EACH-WAY LUCKY 15

As with other multiples, the each-way option means you could see a good return on the initial stake simply by selecting four horses that are placed in their respective races.

Lots of punters will deploy an each-way Lucky 15, for example, on the Cheltenham Festival or at Royal Ascot to combine their main fancies across the entire four/five days of the meeting.

Here is an example of an each-way Lucky 15 for the Cheltenham Festival:

For a £1 each-way Lucky 15 bet on these four horses (total cost £30), the bet would return in excess of £140,000 if all four selections win. It has been done before with Lucky 15 bets and, who knows, you could hit the jackpot by placing this type of bet on horse racing in the future if your luck is in!

However, the nature of a Lucky 15 means that there are also many stopping points between the £30 stake and the jackpot payout that your bet could return.

For example, if all four horses are placed, the bet would pay you £1632.50, ensuring you have a profit of more than £1600 for one bet on the Cheltenham Festival.

When you are using selections at a variety of starting prices such as in Lucky 15 as explained above, you may want to consider going online to find a Lucky 15 Bet Calculator. A Bet Calculator Lucky 15 will outline the exact returns your bet will provide, depending on how many legs are successful.

You can of course use Lucky 15 betting to combine applicable selections across any and all sports covered that you wish to bet on.

In a Lucky 15 football bet, for example, you could choose to select four first goalscorers in Premier League matches and combine them. At decent odds, this form of Lucky 15 betting can sometimes bring about significant returns for relatively small initial outlays.
