Today, you are going to find out what exactly this kind of game is, how the whole process works, if any perfectly working strategies exist and how to pay with PaySafeCard.

THE BEST PAYSAFECARD CASINO AND VARIETIES OF ROULETTE

It is believed that roulette appeared in France at first. It conquered Europe and then crossed the ocean. Currently, there are three types of games on roulette sites that accept PaySafeCard:

American Roulette (Double zero roulette). 38 numbers: 0, 00, from 1 to 36 inclusive.

European roulette (Single zero roulette). 37 numbers: 0, from 1 to 36 inclusive.

French roulette (Single zero roulette). It is the ancestor of the European one, has the same wheel, but different from all the playing field.

If you want one of them, you have to make sure, that chosen PaySafeCard roulette casino provides you the exact roulette option. Online roulette with PaySafeCard can differ by:

The distribution of numbers on the wheel

Game field

Possible rates (read the rules for each game)

Some special rules ("En Prison", "La Partage" and "Surrender", for example)

Rules

of conduct at the table, procedures, chips and so on

PAYSAFECARD: GAME PROCEDURE

Games have small differences in the procedure of the game.

Let's review some of them and start with what this game actually is.

ROULETTE

PAYSAFECARD. WHAT IS ROULETTE DIVIDED INTO?

We can divide roulette into 3

components:

Croupier (dealer)

Croupier is the main and only judge in the game. Its role is to take bets, pay winnings, spin the roulette wheel and throw the ball. In online casinos, the program acts as a croupier (in other words, the croupier is absent).

Game

table

On the gaming table the numbers are presented in a special format. In the role of money, there are usually gambling chips that are exchanged for real money.

It is known,

that there are two types of field on the game table:

Internal field. It contains all

numbers from 0 to 36. Each three consecutive numbers form a row, vertical lines form three columns of twelve numbers each.

External field. It is located on the edges of the

playing field for external bets. Every such field corresponds either to certain numbers or to some qualities of numbers (even / odd).

ONLINE ROULETTE USING PAYSAFECARD: KINDS

OF CHIPS

Traditionally, American casino roulette online PaySafeCard is played with multi-colored chips, and each player has different chips at the table, which greatly simplifies the process of making bets and paying winnings. Such chips are usually bought from the dealer on a particular gaming table, and are not used in other games. After the player completes the game, his chips are exchanged either for money or for traditional chips.

In European casinos, standard chips are used. The dealer uses a special spatula to clear the bets that have been already played.

ROULETTE PAYSAFECARD

CASINO: ARE THERE 100% WORKING TACTICS?

There is not any 100% working tactic for

winning. Yes, there are schemes, that being combined with intelligence and accuracy, can increase the chances of winning, but those that guarantee success do not exist.

If

you are offered to buy such a scheme, do not let somebody to make a fool of you. Most likely, this is just a way to get money out of you for scammers.

PAYSAFECARD: PAYSAFECARD PAYMENTS AND BANK TRANSFERS

Many Internet users are faced with

the inconvenience associated with paying through a bank account, playing in casinos and making deposits, for example. The inconvenience is that the payment is delayed by the

banks, you have to wait a long time for crediting to the other account.

The situation

with PaySafeCard is completely different. Funds transfer (making roulette PaySafeCard deposit or withdrawal) occurs immediately after the introduction of the 16-digit code. This is the main advantage of PaySafeCard, since it is a prepaid system. Instant transfer does not depend on the day of the week, day, political situation in the country or relations with the country where the payment will be made. Use online roulette PaySafeCard payment method and enjoy the service.

ROULETTE BETS & PAYOUTS

The

croupier offers all players sitting at the table to make bets (depending on the type of roulette, they may differ). The table represents not only the roulette itself, but also the field on which the same numbers are displayed in the form of a table as on the roulette wheel, as well as various types of bets. As soon as the croupier says the classic phrase that has already become: "The bets are made, there are no more bets", the acceptance of bets is considered complete and the croupier spins the roulette wheel in one direction and starts the ball in the opposite direction. It is forbidden to touch the rotating wheel and the ball or otherwise act on them. In online roulette the user also cannot change the bet or make an additional one after the wheel has started to rotate. You should remember about roulette wheel strategies before making bets.

As

soon as the ball enters the cell, the croupier announces the winning number. The income from the winnings is distributed between the winning bets and the casino, but if "0" fell out – all bets go to the casino income. It should be borne in mind that in all casinos there are restrictions on both the minimum and maximum rates when playing no deposit bonus roulette for each position.

Winning in roulette is the key point in which

both players and casinos are interested. Winning depends on how the roulette bet is made in online casinos. The more accurately you try to select an object, the greater will be your potential payout if you win. There are several types of bets available to the player. Each type of bet has its own odds of winning roulette and roulette payouts.

TYPE OF BET DESCRIPTION PAYOUT

- Straight Bet** This is a bet for one specific number to choose on roulette wheel. 35:1
- Split Bet** This is a bet on 2 contiguous numbers at the same time, which include, among other things, the rates "zero" -1, "zero" -2 and "zero" -3. If in the first case the bet is placed directly on the number, in the second case it is placed on the border of two contiguous cells on the roulette table. 17:1
- Street Bet** This is a bet for three numbers of one row. The chip is placed on the border of the inner and outer betting areas. 11:1
- Corner Bet** This is a bet on four contiguous numbers. The chip is placed at the point where these numbers touch. 8:1

Line Bet This is a bet on 2 contiguous rows. The chip is placed on the outer line at the point of contact between the two rows. 5:1

Red or Black This is a bet on any red or black sector. The chip is placed on the corresponding color sector. 1:1

Even or Odd This is a bet on any odd or even sector. The chip is placed on the field with the designation "EVEN" or "ODD". 1:1

Low or High This is a bet on a range of numbers 1-18 or range 19-36. The chip is placed in the corresponding field "1-18" or "19-36". 1:1

Dozen Bet This is a bet on a range of numbers 1-12, 13-24 or 25-36. The chip is installed in the sector "1 st 12", "2 st 12" or "3 st 12". 2:1

Column Bet This is a bet on 12 numbers in any of the columns. The chip is placed under the selected column, there are three of them and they are marked as "2 to 1". 2:1

The player can combine

bets. For example, he can put both on the "red" and "black" at the same time. You can put on a "dozen" and "odd." You can even make a bet on the "red", on the "black" and on

the “zero”, closing all options for the loss. But since in the “Zero” rate, there is a limit on the maximum amount, and in this case you will not be able to win at the casino with a probability of 100% or build a winning strategy.

ONLINE ROULETTE REAL MONEY

PAYSAFECARD

Roulette is one of the most popular casino games, that's why it is also popular in online casinos. The advantage of playing online casino is that there is a huge variation of roulettes available, including french roulette online.

The most

popular online roulette options are American European and European Roulette. By the name of these roulettes you can predict that the rules of these games are based on the rules of real roulettes of offline casinos in these parts of the world. American roulette dominates the US casino and European roulette is most common in offline casinos in Europe. What is the difference between these two roulettes? How many numbers on a roulette wheel do they have?

European roulette wheel has 37 sectors, from 1 to 36

and 0 or zero. 0 gives the main advantage of the casino. All bets when 0 drops out.

This gives the casino 2.7% of the profits from European roulette.

American roulette

wheel has 38 numbers (sectors) on the drum, from 1 to 36, 0 and 00 (double zero). Consequently, in American roulette, bets lose, if 0 and 00 drops out. The advantage of casinos in American roulette is approximately two times higher than in European roulette – 5.26%. And for this, American roulettes are less popular with players.

Popular online casinos offer you a choice of both types of roulettes – European and American, of course, players prefer to play European roulette.

The third option is

French Roulette. It has 37 sectors on the wheel, as in the European. This option, which includes “La Partafa Rule”, based on the name dominates in some casinos in France. With a zero loss, the players who have placed a bet on this sector give equal chances, and offer consolation – half of their original wager.

The most widely used method of

payment in general, when paying via the Internet, of course, is payment by card (debit or credit). Licensed casinos are very closely monitoring the conduct of secure transactions, since they are interested in the players plunging into the gambling world of playing online roulette paysafe for real money and not having the slightest concern about the reliability of the payment method. The second, equally common method of payment may vary depending on the country. It can be both online transactions from bank accounts, and payments made through e-wallets.

Despite the fairly high level of

security of all payment methods, not many people are aware of an even safer method of crediting funds to a player's account. This method includes prepaid cards, the most popular of which are Paysafecard cards for playing online roulette real money usa. Numa manhã recente, perto da cidade de Nabi Chit na região oriental do Líbano Beqaá. Uma
dúzia homens estavam limpando os escombros e jatos israelenses haviam atravessado o vale
uma semana antes; a segunda invasão roulette 3 três dias: as explosões tornaram vermelho céu
noturno amarelo-laranjas que encheram todo ar com cheiro à poeira ou pólvora

"Eles atingiram Nabi Chit porque nossa aldeia é a mãe da resistência", disse Mohammed al-
Moussawi, um ardente defensor do Hezbollah. O grupo militante xiita e o partido político

Enquanto as aldeias do sul libanês suportaram o peso de fogo transfronteiriço roulette 3 uma
guerra até agora limitada, os recentes ataques ao Beqaá poderiam sinalizar um alargamento da
Guerra para leste. O vale é conhecido por seu solo fértil e vinícolas templos romanos que
atraíram turistas internacionais recentemente ".

Como as linhas de falha da região correm o risco se abrir, outro aspecto na história do Beqa está
tomando centro.

Apelidado de "reservatório da resistência", o Beqa é bastião do Hezbollah e um depositário para
armas ao longo dum corredor estratégico que liga a Hezbollah aos aliados na Síria, Iraque ou Irão.
"Consideramos o sul a primeira linha de defesa do Líbano, e nós no Beqaá somos segunda
Linha", disse Hassan al-Moussawi (Moussauí é um dos nomes mais comuns roulette 3 Nabi
Chit). O Hezbollah goza apoio das tribos poderosas da região xiita predominantemente para atrair
seus combatentes na área."

O Beqaá é o berço do Hezbollah e vários de seus líderes. Uma curta caminhada a pé da cidade

Nas últimas semanas, o Beqaá tornou-se novamente um teatro de guerra. Pela primeira vez
desde outubro quando Hezbollah entrou no conflito roulette 3 apoio ao seu aliado Hamas usou a
vale para lançar drones contra Israel na sexta feira (25 agosto), revelou Hassan Nasallah num
discurso naquele dia que os aviões não tripulados faziam parte da resposta há muito esperada à

morte do Fuad Shukr por causa dos ataques aéreos israelenses com mais drone e 400 pessoas mortas pelo governo libanês

Nasrallah admitiu que o assassinato de Shukr foi uma "grande perda", um particularmente sentida roulette 3 Nabi Chit, roulette 3 cidade natal. O uso do Beqa como plataforma para lançamento era simbólico ato vingá-lo da morte tanto quanto mensagem estratégica segundo a qual Hezbollah estava pronto pra ativar base traseira dele: "A Mensagem Militar Sayyid Nasalá enviada é porque somos pela paz não por guerra", mas se for imposta à nossa frente pelo governo sírio e pelos EUA;

O arsenal estimado do Hezbollah de 150.000 foguetes e mísseis é principalmente fornecido pelo Irã, que permaneceu como principal apoiador da organização mesmo enquanto evolui das raízes insurgentes para se tornar o estado roulette 3 áreas xiitas majoritárias. Em todo Nabi Chit os cartazes prestam homenagem aos líderes iranianos eram Suleimani Qassem (que tem a reputação no final dos tempos), quem recebe crédito por fortalecer roulette 3 rede não-regional aliada ao Irão aqui presente - apesar disso!

"O Ocidente acha que há um líder e seguidor, o Irã dá uma ordem para dispararmos", disse Mohammed Moussawi diferente ", afirmou a porta-voz do santuário Abbas al Moussawi.

"A relação é uma aliança onde as decisões são tomadas através de consulta. Se o Irã diz, 'Vamos bombardear Tel Aviv' ", mas não está no interesse do Hezbollah que isso vai acontecer."

Em um comunicado que se seguiu aos ataques a Nabi Chit, o IDF disse: "A organização terrorista Hezbollah opera dentro de infra-estrutura civil. brutalmente explorando os civis libaneses população."

Mas longe de se sentir explorado, as pessoas roulette 3 Nabi Chit reuniram-se ao redor do Hezbollah após os ataques. "Estou com a resistência por causa da injustiça que experimentei", disse Moussawi o apoiador cuja casa foi danificada

Ele foi preso pelo exército israelense roulette 3 1984, quando ocupou o Líbano. Durante a interrogação os oficiais israelenses arrancaram todos seus dentes e pararam de tirar implantes do corpo dele com suas mandíbulas sem unhas na boca da vítima; Moussawi se juntou ao Hezbollah agora aos 60 anos ele está aposentado mas seu neto Husain provavelmente seria roulette 3 terceira geração lutando nas fileiras dos xiita sionista que estavam no poder por causa disso!

Uma das razões para a profunda afiliação do povo com o Hezbollah é religião. A Beqaá está mergulhada na doutrina xiita, e roulette 3 origem remonta ao sétimo imã Shiita Musas al-Kadhim que sucedeu Maomé como profeta; uma luta contra as injustiças tem sido um princípio da fé Xiiia evocando isso permitiu à organização lançar seu envolvimento neste conflito roulette 3 meio às invasões de Israel sobre terras palestina ou libanesa!

Tais pontos de vista são ainda mais impulsionados por crenças anti-ocupação que datam séculos. As tribos Beqaas se orgulharam roulette 3 ter resistido aos invasores durante o domínio otomano e francês, vendo Israel como a síntese do colonialismo

"Eu estou com os palestinos porque se eles forem embora, Israel enfrentará o Líbano roulette 3 seguida", disse Sheikh Midhat Zeaiter.

A aldeia foi cercada por campos de cannabis, que se tornaram a principal fonte do vale da renda e gradualmente substituíram outras culturas menos lucrativas.

Em troca da lealdade das tribos, o Hezbollah retira as autoridades locais e os membros do parlamento de suas fileiras para permitir a cultura cannabis mesmo que seja contrário à roulette 3 ideologia. "As tribos compartilham dos mesmos princípios roulette 3 relação às resistência armada", disse Mohar Zeaiter filho xeque "Nós podemos diferir sobre uma centena outras questões mas não quando se trata na luta contra Israel."
