Our betting options are more than enough to have

you spoilt for choice. Here's what's on offer for NBA betting options at Unibet UK.

For

our NBA spreads, we set a points margin for victory that a team must win by for the bet to be won. This way, we can level the playing field for our bettors and make the challenge more competitive.

For instance, we might set a spread of +3.5 for team A and

-3.5 for team B, which means team A must outperform team B by at least four points for you to win your bet on team A. Simply betting on a win would make the margin for success too wide, making the winnings less lucrative. This way, we can offer more competitive NBA spreads for bigger and better winnings!

We offer moneyline betting,

allowing you to select a team for each NBA game. There's a particular payout when you bet on a specific team to win an NBA game in the league. Negative odds indicate the amount you need to bet to make £100 on your bet, while our positive odds indicate the potential profit from a £100 wager.

So, if your team has odds of -£150, this is how much you must bet to make £100 from the game. And, if your team has odds of +£200, you could make £200 from your £100 wager. This is a simple bet that's great for beginners just entering the scene.

NBA player prop bets are player-specific, allowing you to predict the shots and points scored by individual players on the team. For instance, you might bet that Michael Jordan scores under a certain number of points, and if you're right, you reap the rewards!

Our player prop odds change in real time based on player progression and performance, so be sure to pay close attention to your favorite players and how well they're performing throughout the season.

We offer a variety of

options for championship odds, including:

Team Odds: Bet on which team will win the championship. Odds will change as the season progresses, and each team gets its own odds. We will show these odds in decimal format, so please note that odds of 4.00 mean that you'll win £4.00 for any £1 bet you make.

Favorite Vs. Underdog: Go with a classic winner or an up-and-coming team in our favorite vs. underdog odds. Opting for the underdog usually reaps greater rewards than the favorite to win, so take your chances on who will make it to the NBA finals.

Our odds update throughout the season to ensure they're all fair and aligned with how each team performs. Because we have updated odds, you can place your bets throughout the season - and get involved in the action even if you're a little bit late to the game!

Our futures bets aren't based on a specific season winner and encapsulate a wider range of outcomes. For instance, you might bet which team gets the regular season record. Futures bets don't need to predict a championship winner, but they can if you select a futures bet that predicts this.

NBA

At Unibet, we offer a top price guarantee. So, if you place a bet at the starting odds, and the odds turn out to be higher than the odds you received, we'll compensate you by paying you a higher starting price - so you don't miss out! Of course, you'll need your bet to win to access the top price guarantee, but it's what makes Unibet such a great betting platform with the interests of the bettors in mind.

If you're going to get involved with parlay betting, it's best to know your stuff. Here are the top tips to keep in mind when rolling bets together for parlay betting:

Bankroll management: parlay bets rely on a lot of things to happen for the payout, so it's best not to stake too much. Ensure your bets align with your budget for safer and happier betting.

Parlay size and variety: Make sure to include no more than 4 bets in your parlay, although it'll increase the potential payout, the chances of winning become increasingly slim the more bets you place. Try to include a variety of bets that won't clash with one another to avoid redundant betting.
