few years, mobile poker apps from Asia have become a breath of fresh air for professional players. Very lucrative pools and weak opponents have become a powerful argument for the poker migration. And the constantly deteriorating playing conditions in the leading poker rooms stimulate even the most conservative players to seek alternatives.

One of the most popular mobile applications is PPPoker. In terms of traffic volume, PPPoker significantly surpasses most similar places for the game. The mobile poker room regularly holds various promotions to attract new players, signs contracts with professional players, and even conducts large offline series. Everything seems to be good, but what's the catch?

The catch lies on the surface: PPPoker is a mobile poker application, which means that neither PokerTracker 4, Holdem Manager 3, Hand2Note, nor DriveHUD can directly import hand histories from there. Hence, no HUD and no statistics while playing. Are we putting an end to the plans to develop new PPPoker waters? No matter how it is! There is a solution and it is called "PPPKer HUD Catcher".

What is PPPoker HUD Catcher?

PPPKer HUD Catcher is a poker program that works in conjunction with Holdem Manager 3, PokerTracker 4, Hand2Note, DriveHUD and allows you to display HUD and import hand history while playing in the PPPoker application. Unlike most other Asian poker applications, PPPoker has recently had a significant advantage - an official client for Windows. In practice, the availability of PPPoker on PC also saves you from a headache of setting up Android emulators. HUD Catcher works both at cash tables and in tournaments.

The poker room does not prohibit the use of poker trackers (although there is no separate list with allowed programs on PPPoker). In practice, no one had any problems with the HUD.

4. Finally, in Poker Tracker 4, click "Play Poker" and "Get Hands While Playing".

5. Load multiple tables using the PPPoker app and start playing. The HUD will need a few hands to work properly and then it will appear on the tables.

window, select one of the tables you are playing at, and then right-click and hold down the cross in the lower left corner of the screen and drag it to the corresponding table name. Make sure to match the table you selected first to the table you are now dragging the cross to.

Uma boa semana para a Europa. Uma má semana para a Europa.

A Grã-Bretanha agora tem um governo forte, estável e centrista, desejoso de redefinir as relações com a UE. A França, por outro lado, parece estar à beira de um período de governo fraco, instável e dividido, o que dificultará a UE inteira. Isso vbet ghana um ano crucial para nosso continente, com Vladimir Putin ainda a bater vbet ghana Ukraine e Donald Trump muito provavelmente a tornar-se presidente dos EUA, a menos que Joe Biden desista, como deveria.

A boa notícia: um governo responsável no Reino Unido

O Reino Unido tem um governo responsável e pragmático do centro-esquerda, eleito para até cinco anos. É liderado por um ex-advogado de direitos humanos determinado a defender o Estado de Direito vbet ghana casa e no exterior; abraça uma mistura judiciosa de economia de mercado, intervenção do Estado e justiça social; apoia firmemente a Ukraine e está comprometido vbet ghana perseguir boas relações com outros países europeus. De facto, é um melhor par para os valores proclamados no artigo 2 do Tratado sobre a União Europeia do que o governo do Estado-membro da UE Hungria, cujo líder nacionalista anti-liberal, Viktor Orbán, sentou-se com Putin vbet ghana Moscovo para ver como podem forçar a Ukraine a se render vbet ghana nome da "paz".

O mau lado: o Reino Unido não é mais um membro da comunidade política e económica central da Europa

No entanto, existe um entrave: o Reino Unido (se ainda não o notou) não é mais um membro da comunidade política e económica central da Europa. Como se estivesse a treinar para correr os 100m nos Jogos Olímpicos de Paris, David Lammy, o novo ministro dos Negócios Estrangeiros do Reino Unido, visitou os seus colegas na Alemanha, Polónia e Suécia nos primeiros dias no cargo. Enquanto isso, John Healey, o novo ministro da Defesa, apressou-se para Odessa para conversar com o seu homólogo ucraniano. Lammy tem sido enfático e eloquente vbet ghana defender um "reset", um "novo início" e uma "parceria próxima" com a UE e os países europeus individuais.

O Reino Unido propõe um novo pacto de segurança UK-UE, com cooperação mais próxima vbet ghana muitas áreas. Houveram expressões de boa vontade vbet ghana Berlim, Paris, Varsóvia e outras capitais europeias. No entanto, o facto de o Reino Unido ser institucionalmente apenas outro "terceiro país" para a UE significa que o processo de negociação desta nova relação mais

próxima será complicado, com numerosas possibilidades de bloqueio ou veto por jogadores nacionais, partidários e burocráticos dentro da UE. Além disso, as linhas vermelhas que Starmer proclamou a fim de conquistar de volta os eleitores pró-Brexit para o Labour - nenhum regresso à união alfandegária, mercado único ou livre movimento da UE - limitam seriamente o que pode ser feito no plano económico.

As semelhanças entre a política britânica e a europeia continental

E a política britânica não é tão diferente da política na Europa continental como parece à primeira vista. Uma razão chave para a escala da vitória do Labour foi que o voto à direita estava dividido entre os Conservadores e o partido Reforma de Nigel Farage, que é o equivalente britânico - ou, mais precisamente, o inglês - do Rassemblement National francês, do AfD alemão ou do Fratelli d'Italia italiano, canalizando preocupações económicas e culturais generalizadas na desculpa da imigração. O Fratelli d'Inghilterra - ou, se preferir, a Alternativa para a Inglaterra - obteve cerca de 14% dos votos populares, vbet ghana comparação com cerca de 24% dos Conservadores. Os sentimentos nacionalistas populistas vbet ghana ambos os lados do Canal da Mancha limitarão e complicarão o reset UK-UE, enquanto no lado de fora o partido da direita dura está a ficar mais forte.
