Gaming technology provider Win Systems has confirmed

its presence at G2E Las Vegas, set to take place from October 10th to 12th at the

Venetian Expo. The company notes that it will be at the same booth as last year, #4447,

where visitors will be able to see and learn first-hand about all its latest

products.

Win Systems says it has been able to amaze in all the G2E editions in which

it has participated, but in 2024 it has decided to "redouble its bet" with three

launches.

"One of these launches is the new Gold Club Symphony electronic roulette, which for sure will catch the attention of both players and operators," says the

provider. "The new electronic will become a reference in the market thanks to its spectacular design and truly innovative lighting system."

In addition, the company will

boost its slots offer with two products including the new slot Sublime and the relaunch

of its Rhapsody cabinet. It will also showcase its extensive games library with

"amazing novelties" that will be presented at the trade show.

Win Systems' casino

management system WIGOS, and its latest releases, will also have a prominent place at

the show. The provider notes that WIGOS is already present in over 400 casinos

connecting over 100,000 machines, and is experiencing "exponential growth" throughout

the Americas and globally.

Visitors will have the opportunity to learn first-hand about

one of its most recent developments: WINUP Wallet. This app for players allows them to

easily manage their gaming balance and enables casinos to offer many of their services

on their mobile phones. Win Systems calls the WINUP Wallet one of the most important

and successful developments of WIGOS in recent times.

Eric Benchimol, CEO of Win

Systems, commented: "This edition of G2E will be special for us. Our booth will reflect

the result of the strategy we have been developing for several years, in response to

specific market demands.

"As a result of the exponential growth, we have been experiencing, we have dedicated our efforts to developing exciting new products and services and strengthening our team with new additions. We look forward to sharing these fantastic products, which we will explain further in the coming weeks."

Some bets in American Roulette have an even higher house edge than the 5.26% average. For example, a bet on the Five Numbers (0, 00, 1, 2, 3) carries a house edge of 7.89%. Outside bets in roulette carry the lowest risk. They cover more numbers yet the payouts are lower (1/1 for Red, Black, Odd, Even, 1 18, 19 36).

Nueva medida facilita viajes de residentes permanentes de Hong Kong y Macao a la parte continental de China

Beijing, 1º jul (Xinhua) -- Las autoridades de inmigración de China anunciaron este lunes una nueva medida que facilitará el viaje de los residentes permanentes no chinos de Hong Kong y Macao a la parte continental de China.

Solicitud de autorizaciones especiales de viaje

A partir del 10 de julio, los residentes permanentes no chinos de las dos regiones administrativas especiales podrán solicitar autorizaciones especiales de viaje para ingresar a la parte continental, de acuerdo con la Administración Nacional de Inmigración.

Permisos de entradas múltiples

Los titulares de estos documentos tendrán permiso de entradas múltiples en la parte continental en un período de validez de cinco años, con cada estadía que no exceda los 90 días. Después de completar procedimientos como la recopilación de huellas dactilares, los titulares pueden ingresar por el canal de despacho express, dijo la administración.

Requisitos adicionales para actividades específicas

Sin embargo, si los ciudadanos no chinos pretenden trabajar, estudiar o participar en actividades de reportaje en la parte continental, deberán solicitar visas o autorizaciones de residencia de acuerdo con la ley.

Mejora en los servicios de gestión de inmigración

La administración declaró que continuará mejorando los servicios de gestión de inmigración para apoyar el desarrollo de la Gran Área de la Bahía Guangdong-Hong Kong-Macao y promover la integración de Hong Kong y Macao en el desarrollo general del país.
